

**Essence:** Sweet children, you are now being taken beyond with the Father's glance. To be taken beyond means to become a master of heaven.

**Question:** Who can put into practice the *direction* to break away from everyone else and to connect oneself to only the One?

**Answer:** Those who have the *aim* and *objective clearly* in their intellects. Your *aim* and *objective* is to go to the land of liberation. You have to remove your intellect's yoga even from your own body and practise staying in *silence*, beyond "talkie" and "movie", because you have to go into *silence*, that is, into nirvana (the land beyond sound).

**Song:** Why should the moth not die?

Om shanti. You children know in whose vision you are sitting. You are sitting in front of your parlokik Supreme Father, the Supreme Soul. You know that by coming into the vision of this Baba you claim your inheritance of heaven for 21 births. When you go to a sage or holy man, people say: He will take you beyond with just a glance. However, no one, apart from you Brahmins, can understand about being taken beyond with a glance. You are now sitting in Baba's vision. The children are in the Father's vision and the Father is in the children's vision. Children are taken beyond with the Father's glance. Only from the Father do you receive the inheritance. You are unlimited children. You are sitting in His vision. You are truly listening to a few words: Constantly remember Me alone and you will be taken beyond, that is, you will become the masters of heaven. He truly takes you beyond in a *second* and grants you liberation and liberation-in-life. He is the incorporeal Supreme Father, the Supreme Soul. He knows that you have come here and become His children. Those who have the firm faith that they are children of the Supreme Father, the Supreme Soul, will definitely become the masters of heaven. You have to go beyond with a glance and also become the masters of heaven. In heaven, you have sovereignty, whereas everyone here is a master of hell, that is, all are residents of hell; and, in that, too, status is numberwise. Though there are no kingdoms now, they understand in their hearts: I was a master of Jaipur. They even write: Maharaja of Jaipur, Maharaja of Patiala. They are called this. They themselves are still alive and their clan is also alive. They too have now become part of the people. You now know that you are once again establishing the divine kingdom by following shrimat. The Father has explained that this same Bharat was pure and that it has now become impure. You have each now received the third eye. The soul knows: I now remember the one Supreme Father, the Supreme Soul, and I receive the inheritance from Him. God speaks: Remember Me and break away from everyone else. Break away from even your own body. Become bodiless! You first came bodiless. All souls are bodiless. Because souls are bodiless in the incorporeal world, there is no sound there. That is why it is called the land beyond sound. There is "movie" in the subtle world. There is *talkie*, *movie* and *silence*. Previously, there just used to be *movie* films, but they have now become *talkie*. You children are taught *silence*. Stabilise yourself in your original religion and remember your home. Stop *talking*; you mustn't even buzz anything. They chant the name of Rama internally. The Father says: Children, now stop that too. You have to go beyond sound. While living here, you have to go beyond *talkie* and *movie*. You have the *aim* and *objective clearly* in your intellects that you have to go to the land of liberation. Baba gives you liberation and liberation-in-life. At first, all souls go into *silence* and then each one has to come to play his *part*. Those of the deity religion have their own *parts* and those of Islam and Buddhism have their own *parts*. You children have all of these things in your intellects. The Father has all of this *knowledge* and so He tells you all of this *knowledge* and makes you similar to Himself. You then have to make others the same as you. Make them knowledgeable and yogi. I give you the *knowledge* that I have. It is you souls that imbibe knowledge and become *knowledge-full*, numberwise, according to your effort. Some become completely *knowledge-full* whereas others don't become as *knowledge-full* because they make less effort. The *aim* and *objective* is Lakshmi and Narayan. You are now becoming *knowledge-full*. You now know where you have come from and where you have to go and how this cycle turns. Everything is included in this. A tree emerges from a seed and its lifespan is so long. Then it reaches the state of total decay. We had a tree here which was completely decayed and so we had to chop it down. There is the example of the banyan *tree*. The tree that is shown is of the *variety* of religions. They will all continue to come, little by little, till the end. The leaves that first emerge are very beautiful because they are satopradhan. They then become rajo and tamo. You rule the kingdom for half the cycle and then you gradually come down. There are the stages of ascent and descent. You ascend very quickly. It takes a little time for the whole kingdom to be established. The Father explains: I Myself come at the confluence age and establish the deity kingdom. The sun dynasty and moon dynasty kingdoms are only established at this time

so that you then go to the new world of the land of immortality and have the fortune of your kingdom. This is called the confluence age. No one else comes at the confluence age. Only the Father comes. It is not mentioned in the scriptures when I come again. No one is able to know this. Only you children know this. This *part* is played every cycle. The whole tree becomes old and its *foundation* is now being laid at the confluence age. This is the impure world. The golden age is the pure world. They sing: Come and make us impure ones pure. You are all now becoming pure and you will be pure when you come down again. However, not everyone will come down together. The Father explains to you so well. That *Principal* is now sitting here. Therefore, why should this *knowledge* not be given to everyone so that everyone can know what the *history* and *geography* of the world is and how it *repeats*? No one knows that *God is One*. There is no other *Creator* nor is there another world up above or down below. When they speak of ‘above the sky’ and ‘below the ocean’, those are all lies. They believe that there is a world beyond the *stars*. However, there isn't anyone's kingdom there. Baba even tells this *principal* child: Explain this *history* and *geography* to those who are good *students*. Also *approach* the *Government*. Explain to the senior *officers*. However, you have to explain very tactfully that there was the kingdom of the original eternal deity religion in the golden age. How did they gain their kingdom? They have shown in the scriptures that a war took place between the deities and the devils and that the deities won. There is only one Mahabharat War. There was no war after that. The Father says: Give this *knowledge* to the children in *schools*. When someone *invents* something, he first shows it to the king and then its production grows through him. The soul receives the knowledge of the beginning, the middle and the end of the world cycle through which he becomes a ruler of the globe for 21 births. There are also many among you who aren't educated. Baba says: That is very good. There were those who were educated but they couldn't *pass* this examination. Here, it is a matter of a *second*. There was the kingdom of Lakshmi and Narayan in the golden age. The kingdom of Rama and Sita begins in the silver age. The path of devotion starts after half the cycle. They have to stumble around. People even say: *O God, the Father*. Therefore, you should definitely receive the inheritance of *heaven* from Him. When a person dies, people ask where he has gone and some reply: He has gone to heaven. They believe that heaven is up above in the sky. They have become so senseless! This is the forest of thorns. Bharat alone was the garden of flowers. You are now becoming *flowers*. The Father explains: Never cause sorrow for anyone. If you cause sorrow for anyone, you will die in sorrow; you won't be able to claim a high status. You know that you have come to Baba in order to claim the inheritance of constant happiness. You have become Brahmins. Brahmins are remembered as the most elevated. The symbol of Brahmins is the topknot. Who is the Father of Brahma? It is incorporeal Shiva. There is Shiv Baba and Prajapita (Father of Humanity) Brahma is in the corporeal form. What should we keep as a symbol of Shiv Baba? The Supreme Father, the Supreme Soul, is a *star*, but, because of not knowing this, people have created a large lingam image. How can a point be worshipped? There is also the worship of Rudra. They make a large image of Rudra, Shiva, and small saligrams. They even speak of a *star* in the centre of the forehead. People even have visions of a soul. When a star breaks up in the sky, everything around it appears white. In the same way, a soul is also a point. He comes and enters such a big body and then does so much work through it. When such a tiny soul leaves the body, the body is unable to do anything. It would be said that he or she has died. The soul sheds a body, takes another and plays a *part*, and so there is no need to cry. However, only when they know the *drama* can they say this. You now have the knowledge that you will shed your old costumes and go to your land of nirvana (land beyond sound). You have this *knowledge* here. So then, you have to go to the big *schools* and *colleges* and give this *knowledge* to the seniors: “There used to be the sun dynasty and moon dynasty kingdoms in Bharat. They don't exist any more. They will definitely exist again. This is the eternal *world drama*. Children should definitely have *knowledge* of it. By them having this *knowledge*, Bharat becomes heaven. Now, because they don't have this *knowledge*, Bharat is poverty-stricken. We are once again making Bharat into heaven with this *knowledge*. Why should those children as well not take this *knowledge* and become worthy of heaven? “You too can become this.” No one should be left out. Baba shows you many ways to do *service*. It is you children who have to do it. The Father will not go anywhere. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Remain stable in your original religion and experience *silence* because it is now time to go to nirvana, the land beyond sound.
2. You are the children of the Bestower of Happiness. Therefore, give everyone happiness. Do not cause sorrow for anyone. Become a true *flower*. Serve to change thorns into flowers.

**Blessing:**

May you *pass with honours* by finishing all waste with the means of the daily murli. The daily murli is the means to keep your mind *busy*. Continue to churn any *point* and your mind will remain *busy* and all waste will automatically finish. Keep your mind so *busy* in serving with your thoughts, words and deeds that no waste thoughts come. Only then will you be able to *pass with honour* in the *final paper*. If you have the practice of having waste thoughts, you will be deceived at that time.

**Slogan:**

In order to put *plans* into their *practical* form keep a *balance of* being a child and a master.
