

**Essence:** Sweet children, you have to uplift your equals. The Father has placed the urn of knowledge on you mothers and you mothers therefore have a huge responsibility.

**Question:** For which special task are you mothers the instruments? What *responsibility* do you have?

**Answer:** You are instruments to make the impure world pure, to make hell into heaven. The Father has placed the urn of knowledge on you mothers and you therefore have the *responsibility* of granting everyone salvation. You are the Shiv Shakti Army. You now have to benefit your equals. Save everyone from becoming impure. You also have to uplift the prostitutes.

**Song:** O traveller of the night, do not become weary. The destination of dawn is not far off.

Om shanti. You children heard a *line* of the song. We are now going towards our homeland, that is, we are now going to the land of happiness. You mothers have been made instruments to carry out establishment of the land of happiness. The urn of nectar of knowledge has been placed on you mothers. Just as a *ceremony* for the *opening* or the establishment of something is carried out, so too the Supreme Father, the Supreme Soul, is carrying out the *opening* of Paradise through you mothers. The urn is placed on you mothers. Therefore, you children now have to become alert. This is the Shakti Army. The Father gives the *responsibility* to you children. It isn't that the Father has given those gurus the *responsibility* of granting everyone salvation. You now know that it is the task of the mothers to grant salvation. Salvation is received through knowledge. The mothers have received the urn of knowledge. It is shown that the urn is first placed on the World Mother. In the scriptures they have mentioned the name of Lakshmi. There is this difference. The urn has been placed on you mothers. The urn has been placed on Kali. There is praise of Kali. They have created many images. So the urn is now placed on you mothers because mothers who are your equals are now in a bad state. You are called Shiv Shaktis. You are the incognito army. Your intellects should have enthusiasm. You are establishing your self-sovereignty. The expression "Salutations to the mothers" has been remembered. The name of the land of Bharat is also remembered. They say: Victory to the mothers of Bharat, that is, victory to the mothers who live in Bharat. Victory to the mothers who are making the world into heaven. They have made a mistake and simply spoken of the mothers of Bharat. Baba is glorifying the name of you mothers. He inspires the carrying out of the *opening ceremony* of heaven. You say that Shiv Baba is making the world into heaven through you mothers. You shot arrows of knowledge at Bhishampitamai etc. The Father says: Don't be afraid to shoot arrows of knowledge. You have to study and teach others. Your army become the instruments. You are *master knowledge-full*. They have portrayed Saraswati with a sitar because she is the cleverest of all. The world doesn't know this. You know that you are now becoming beautiful from ugly. They go to Kali. They call out to her, "Ma! Ma!" They cry so much, don't even ask! Nothing happens though. There is a lot of praise of Kali in Calcutta. This Brahma is not a mother and this is why you mothers are given the urn. You are the army of mamas, all equals. You say: Baba, whatever I am and however I am, I am Yours. That One also says: Whatever you are, however you are, you are Mine. However, you have to follow shrimat. All of you are brides. All of you say that you belong to God. You are given the explanation that all of you are the children of Shiv Baba. You have to prove this. First of all, there is the praise of Shiva. He is the Highest on High. He alone is called God. Shiv Baba alone gives us the inheritance. He is the incorporeal Father of all souls. Therefore, you daughters now have to uplift your equals. All the *responsibility* is given to you mothers. The Father also says: Salutations to the mothers. Shiva is the Child and so He has to say "Salutations to the mothers". That One salutes you and you then salute Him. It is a *wonder!* This too is fixed in the *drama*. You know that Shiv Baba grants visions. Even while sitting at home, you can have visions of the one with a peacock-feathered crown. Everyone has a crown. This is a *trademark* that is used. They have given Krishna such a big crown. Otherwise, he doesn't wear such a big crown. The Father sits here and gives you mothers a vision of your *aim* and *objective*. You will become a mother of a *prince*. Not everyone will become the mother of Krishna. There are many *princes* and *princesses*. To be a mother of a *prince* means to become an emperor or empress. Your *aim* and *objective* is so good. You will have a *prince* in your lap. You daughters have a lot of responsibility. There should be a big gathering of you. You should create a *memorandum*: We Shiv Shaktis are the mothers of Bharat. We made Bharat into heaven by following shrimat even in the previous cycle. Mothers, you have to be very clever. Nowadays, your equals are beaten a great deal for poison. Therefore, you should cry out to help them. Tell the *Government*: We make Bharat into heaven every cycle with the power of purity, but they are creating these obstacles in this. We want to remain pure. Together with them, some men too will say that purity truly is very good. People have birth control pills in order not to have children, but nothing is accomplished through that. The Father says: Become pure! The

brothers are also helpers of you mothers. You daughters should become alert. You too have to show your sparkle. Tell the *Government*: God, the Father, says: Become pure. All are children of Shiv Baba. Therefore, they are all brothers. Then, because of being children of Prajapita Brahma, we are brothers and sisters. The new world is now being established. The children of Shiv Baba are also the children of Prajapita Brahma and they are brothers and sisters. They cannot exchange poison with one another. This is a tactic. The Father made you pure in the same way in the previous cycle too. We are now conquering Maya, Ravan. This Ravan is Bharat's great enemy. You were defeated in everything because you were defeated by Ravan. Rama comes and enables you to gain victory over Ravan. However, even now, some have so much attachment to their husbands etc., don't even ask! You mothers have now received the urn. You should explain that you are opening the gates to heaven. They have portrayed Lakshmi with an urn. However, Lakshmi is pure. What would she do with the urn of knowledge? The urn of knowledge is with the World Mother. The Supreme Father, the Supreme Soul, has now issued an ordinance: Lust is the greatest enemy. Those who conquer it will become elevated and become the masters of heaven. You children should have a lot of *love* for each other. This is like an army of the Brahma Kumars and Kumaris that has come together. No one knows where anyone is. Not all the children of all the *centres* can be invited here. Mothers have a lot of bondage. They also have to look after their children. Otherwise, the men would *report* them, but when the men go away, who in fact looks after the household then? You have to show them that those people teach hatha yoga and that we teach Raja Yoga. This is why we should receive *salvation*. Baba has told you: Also explain to prostitutes that they should now stop that dirty business. Tell them to become the gates to heaven. If you accomplish this task, your name will be glorified very much. You have to benefit them too. This confluence age is benevolent. You have to cry out a great deal for purity. Have mercy for these prostitutes. The *Government* too now employs them with one type of work or another. Explain in such a way that it is printed in the papers that the Brahma Kumars and Kumaris are giving *knowledge* to even prostitutes and liberating them from that dirty business, because lust is the greatest enemy. You become impure and dirty through that. This world is corrupt. The Father comes and uplifts the mothers. It is the duty of the brothers to become helpers. Those who make effort will claim a high status. You should have mercy for your equals. This place is called the brothel. The Father comes and makes it into the Shiva Temple. In fact, these are aspects of knowledge. The Father enters this body of a human being and gives this knowledge to you. You know that you are now changing from those in a graveyard into those who are in the land of angels. This is the lake of knowledge. You continue to dip yourself in knowledge, but there is no question of water etc. here. When they go on pilgrimages, they make a lot of effort etc. To go by foot carrying so much luggage requires a lot of hard work. You have now understood that Baba sits in a human body and bathes you in knowledge. However, there are no angels etc. It is Baba who is making you into angels of knowledge. These are such good things to be imbibed. If you daughters become alert, you can do a lot of work. You mothers have to go. Tell them: Wherever prostitutes are, create groups of them. Explain to their seniors. However, it shouldn't be that, externally, you keep saying, "Mine is One alone and none other", but that, internally, someone else keeps pulling you. That cannot work either. Become a true child of the Father. Where is that cheerfulness on your face? Oh! you are going to meet the unlimited Father, and so you should come running to meet Him in great happiness. "I will go and become a garland around Baba's neck." Don't become tired. Your remembrance is a race. Those are physical races. This is your spiritual race. Your face should bloom with happiness. When a wife's husband has been lost and then found, she frantically runs through the streets to meet him again. That One is the unlimited Husband of all husbands. What should you be afraid of? You should come running to meet the One from whom you receive the inheritance of heaven. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Become a true child of the Father. Make sure there isn't one thing internally and something else externally. Go ahead in the spiritual race of remembrance. Become very cheerful and happy.
2. Live with one another with a lot of love. Prepare a gathering of the Shiv Shakti Army and save your equals. Create methods to become pure and to make others pure.

**Blessing:** May you be a *master* almighty authority who uses all your powers at the right time according to your *orders*.

To be a *master* means to be able to experience all the powers in their *practical* form whenever you invoke them. At a time when you need a particular power, that power should be co-operative at that time. As soon as you *order* a power, it becomes present. Let it not be that you *order* the power to tolerate and the power to face appears instead. Such a soul would not be called a *master* almighty authority. Just as the powers of your body are in *order*, similarly, let the subtle powers also work according to your *orders*. Let there not be a difference of even a *second*.

**Slogan:** The basis of happiness is the power of contentment.
