

**Essence:** Sweet children, create *new inventions* for *service*. Expand service. The way to have success in service is to put the mothers ahead.

**Question:** With which *manners* should you speak in order to be able to prove words of *authority*?

**Answer:** 1) Whenever you speak to your elders, speak in the polite form, not in the familiar form. This is also *manners*. Speak with your *authority*, but definitely give *respect*. These *manners* are also taught at *school*.

2) You should never speak with arrogance. Always remain cheerful with the intoxication of knowledge. A cheerful face does a lot of service.

**Song:** What has happened to the people of today?

Om shanti. It has been explained to you sweetest children that many souls have become sinful. Good children call out: Sin has increased a lot. It is by committing sin that human beings become impure. People remember Him and say: O Purifier, come and make sinful souls charitable. This is the impure world and so there must also be a pure world. The incorporeal world is not called the pure world. That is the land of peace. The pure and impure worlds are for human beings. In the iron-aged world they are impure and in the golden-aged world they are pure. Only the Purifier Father establishes the pure world. Scholars and pundits created the scriptures and they have said that Vyas wrote them. The name of the One who spoke this should also be mentioned. People don't know when the scriptures were created. You children know that there are no scriptures in the golden and silver ages. There is no name or trace of the path of devotion there. The Father keeps you alive with knowledge. You remain alive with knowledge for 21 births and then Maya comes and turns you into corpses. This is the world of corpses, which is called the graveyard (kabristhan). At this time it would be said to be a full graveyard. Everyone's intellect should be working on this. In the great war it becomes a full graveyard. It is not like this in other wars. It is written in the Bhagawad: All the children of the Ocean of Knowledge are buried in the graveyard. Maya has made everyone sit on the pyre of lust and burnt them. All are buried in the graveyard. It is also mentioned in the Koran of the Muslims that all are in the graveyard. When it is the time of settlement, Allah comes to awaken them. He makes the graveyard into the land of angels (paristhan). Baba had told you that it is written in the Birla temple that Delhi was made into paristhan. Therefore, He would surely have made the graveyard into the land of angels. Annihilation doesn't take place, but many people do die. There are very few human beings in the golden age. There is just the one original, eternal, deity religion there. The condition there is not like that described in the song. In heaven, no one causes anyone sorrow. Here, they cause so much sorrow; they even kill one another. Baba receives news. When someone falls in love with another man's wife, he would even kill his own wife by poisoning her. This world is impure and this is why it is sung: O Purifier, come! However, they don't consider themselves to be impure. If you tell people that they are impure, they would become upset. You now know that you too were impure. The Father is purifying you. You now have to tell the world that it is Shiv Baba who makes the impure world pure. The One whose birthday you celebrate has now come. Originally, it was the law that when a new *invention* was created, they first showed it to the king. He used to take it in his hands. Now, there are no kings. Show this *invention* to everyone. You should get together to *pass a resolution*. Get a petition signed by thousands and give that petition to the *Government*. In order to publicise an *invention*, it is shown to the *highest authority*. That authority then makes arrangements. So, you should also do the same. Explain about those whose birthdays are to come. If you explain on the day of someone's festival, everyone will then understand and say: It truly seems right. The Father came 5000 years ago. Bharat that was the highest on high, the Golden Sparrow, has totally become worth a shell. The Supreme Father, the Supreme Soul, makes it like a diamond. He is giving you this knowledge through Brahma. You can explain: In fact, every human being is a Brahma Kumar or Kumari. This is the *surname*. The Brahmin religion is created through Brahma. Then, the whole genealogical tree is made up of deities, warriors, merchants and shudras. You can explain these festivals very well. Deepmala (festival of the rosary of lights) is coming close. You know that there is now extreme darkness in every home. When the Sun of Knowledge rises, the darkness of ignorance is dispelled. There is truly extreme darkness. Souls do not know their Father. Everyone's light is lit by knowing the Father. He is also called the Flame. You can explain very well on such main festivals. You can also explain to the *Government*. You now especially have to move forward. Place the mothers at the front. Men should not be ashamed about this. The Father explains to you how you should awaken others. Get together, get a petition signed and then explain: In fact, each one of you is a child of Shiva. It isn't that all are Shiva. The Father is only One. He is the Creator, the One who purifies the impure. A *memorandum* should be written. Show it

to the main ones, the seniors. You awaken human beings, but they believe that human beings become pure by bathing in the Ganges. However, the Ganges is not the Purifier. The Purifier is only the one incorporeal One. He is the Ocean of Knowledge who showers knowledge. All the rest is blind faith. You children have now received *authority*. It is written in the scriptures that the kumaris were made to shoot arrows. Very good children can do this work; they can give lectures. It is numberwise in an army. *Manners* are needed in conversing with one another. When speaking to one's elders, one always speaks in the polite form (aap, aap). However, instead of being respectful, uneducated children speak in familiar terms (tu, tu). *Manners* are imbibed by the intellect even through a study. *Teachers* are still good, in that they educate you and make you worthy of receiving a status. One's *character* is also written in the *register*. Nowadays, people don't have that much *character*. The world is completely dirty. You heard in the song what the condition has become. You children know that no other country can be like Bharat was. Bharat was heaven. Sannyasis say that all of this is your imagination. What do they know of heaven? Yes, some will emerge who will be very happy to see this. These pictures are very good. They make big statues of the Pandavas. They are not really that big. They make Ravan as tall as 100 feet. They continue to increase his size day by day. Ravan's age has become old now. He is now 2500 years old. You can explain very well on the day of Dashera: This is Ravan's kingdom. It is called the *devil world*. Someone printed in the papers that this is the devilish world. If people ask you why you call this the devilish kingdom, tell them: In the newspapers, so-and-so said that this is Ravan's kingdom. When the Father came, He said: This is the devilish world. The deity kingdom exists in the golden age. You should get together and consult one other. Your *aim* and *objective* is *clear*. The *aim and objective* is also written outside on the *board*. There is no question of blind faith in a *school*. In all spiritual gatherings they listen to the Vedas etc. with blind faith. There is no meaning to those. The Father now says: O people of Bharat, for how long have you been studying all the big Vedas and Upanishads etc? You wouldn't say that you have been doing that from the golden age. There is no trace of the path of devotion there. That is called a devotion *cult*. For half the cycle, there is the night of Brahma. That is when the path of devotion begins. God definitely comes because this is why Shiv Jayanti is celebrated. How else did that incorporeal One come? He would definitely have taken the support of a body. You know that the Father takes the support of the body of Brahma. He has to come in Bharat. The birth of the Father is in Bharat. The birth of Brahma is also in Bharat. Baba has explained the variety-form image to you. The Brahmin religion is the topknot. You exist now in a *practical* way. Shiv Baba, the Incorporeal, is above us Brahmins. Then, you have to show the body of Brahma. That one is Saraswati, then there is the Brahmin clan, then the deity clan, the warrior clan etc. They take this many births. You can show this very *clearly* and *accurately*: The night of Brahma, the night of Saraswati and the night of the dynasty of Brahma. In the day, all Brahmins become deities. You children are given many *points* which you have to imbibe. It should not be that you listen with one ear and let it out again through the other and everything is over, just as people listen to the stories when they go to spiritual gatherings and then depart. Here, you receive instant fruit. You know that, through this study, you have to change from human beings into deities. There is no *aim* or *objective* there. The Father explains a great deal but scarcely a few emerge. Some even become *traitors*. You should explain: This is a battlefield. Maya is very powerful. Some even *fail*. This is also a game in the *drama*. Not everyone can *win*. You children know that you are defeated by Maya, Ravan. This is a game of victory and defeat. Those who are defeated by Maya are defeated by everything. You know that you are becoming the masters of the world through Baba. You should have this intoxication permanently. Why does this intoxication break? You are studying with the Father who is the Creator of the world. You are becoming Narayan from an ordinary man and Lakshmi from an ordinary woman. It never happens that a *student* forgets his study or his teacher. So, why do you forget Him here? When you go home, you completely forget Him. Here, you have very good faith in the intellect. You shed so many tears, and then, when you go home from here, you don't even write a letter! Even very special beloved children who come as guides forget everything. You should at least write *service* news: Baba, I am engaged in Your *service*. Otherwise, Baba would understand that Maya has buried you in the graveyard. The intellect also says: Such a Baba who makes you into the masters of the world should be remembered constantly. However, children don't remember Him even once a month; they don't write any letters to Him. Maya makes some of them into complete corpses. They don't write a letter while alive, and so there is no question of them doing that when they have died. Baba would also write a letter when you write first. Those who remember Baba are the ones who will become karmateet and *ever healthy*. You should definitely remember Baba's inheritance. You should also have permanent intoxication. At this time, you children sweeten your

mouths with remembrance. You know that you are receiving the butter of the kingdom of the world. They show Krishna with butter in his mouth; that is the kingdom of the world. There are different levels of *status* of a master. To the extent that you do something, so you receive accordingly. You know that Baba is teaching you. He is called the Supreme Father. Therefore, you definitely receive the inheritance from the Father. The Mother and Father are needed because only then can children be born and the inheritance received. It is said: You are the Mother and Father and we are Your children. By Your teaching us easy Raja Yoga, we become the masters of heaven. You should explain that there truly were three armies. Those who had non-loving intellects at the time of destruction were destroyed. However, those who had love for God became the masters of heaven. It is our duty to tell the *Government*. You can get all the important *officers* who meet you to sign it and they will become happy. It is a very good task that you are carrying out. Make effort! One needs time for this too so that you are able to look after everything. There are many methods to increase *service*. However, children sometimes develop arrogance and lot of harm is caused when they have *familiarity*. Your faces should always remain cheerful with the intoxication of knowledge. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Make effort while keeping your *aim* and *objective* in front of you. Imbibe divine *manners*. Do not listen with one ear and let it out of the other.
2. The Father, the Creator of the World, is teaching us and we are His *students*. Maintain this intoxication. Create different methods of doing *service* and remain *busy* in that.

**Blessing:** May you be an embodiment of happiness while living in the world of sorrow by having the awareness of the Father, the Ocean of Happiness.  
Constantly maintain the awareness of the Father, the Ocean of Happiness and you will become embodiments of happiness. No matter how much influence of sorrow and peacelessness there is in the world, you are loving and detached and with the Ocean of Happiness. Therefore, you are constantly happy and those who constantly swing in the swing of happiness. The children who are *master* oceans of happiness cannot even have any thoughts of sorrow because they have stepped away from the world of sorrow and reached the confluence age; all strings are broken. Therefore, continue to move along in the waves of the ocean of happiness.

**Slogan:** To stabilise the mind and intellect in a *powerful* stage is to be one in solitude.
