

Essence: Sweet children, only when there is cleanliness and honesty in your heart will the arrow of the true things you say strike the target. You have received the company of the true Father. Therefore, be honest and truthful.

Question: You are *students* and so what is it essential to be cautious about?

Answer: Whenever you make a mistake, you have to tell the truth. It is only by telling the truth that you will make progress. You mustn't take personal service from others. If you take service here, you will have to serve there. You *students* have to study well and teach others, because only then will the Father be pleased. The Father is the Ocean of Love and His love is that He educates you children and gives you a high status.

Song: Who created this play and hid Himself away?

Om shanti. Nowadays, we receive news that people are celebrating Gita Jayanti. The *topic* is: Who gave birth to the Gita? Since it is called jayanti, it surely means birth. Since "Shrimad Bhagawad Gita Jayanti" is said, there must surely be someone who gave birth to it. Everyone says: God Shri Krishna speaks. In that case, Shri Krishna comes first and the Gita comes after him. A creator of the Gita is definitely needed. If Shri Krishna is called that, then Shri Krishna should come first and then the Gita. However, Shri Krishna was a small child and so he couldn't have spoken the Gita. You have to prove who it was who gave birth to the Gita. This is a deep matter. Krishna took birth from his mother's womb; he was a *prince* of the golden age. He attained the status of a *prince* by studying Raja Yoga through the Gita. So, who was the One who gave birth to the Gita? Was it the Supreme Father, the Supreme Soul Shiva or Shri Krishna? In fact, Shri Krishna cannot even be called trilokinath or trikaldarshi. Only the One can be called Trilokinath and Trikaldarshi. Trilokinath means the One who rules the three worlds. The incorporeal world, the subtle region and the corporeal world are called triloki, and the One who knows these three is called Trilokinath, Trikaldarshi, the Supreme Father, the Supreme Soul, Shiva. This is His praise, not Shri Krishna's praise. The praise of Krishna is: Sixteen celestial degrees full, full of all virtues. He is compared to the moon. You would not compare the Supreme Soul to the moon. His task is separate. He is the Creator who gives birth to the Gita. Deities are *created* through the knowledge of the Gita and Raja Yoga. The Father has to come and give *knowledge* in order to change human beings into deities. Very clever Brahma Kumars and Kumaris who can give this explanation are needed. Not everyone can explain in the same way. All the daughters are also numberwise. The *topic* should also be: Who gave birth to the Shrimad Bhagawad Gita? For this, you have to explain the *contrast*. God is only one: the Supreme Father, the Supreme Soul, Shiva. Krishna attained that status by listening to knowledge from the Ocean of Knowledge. You have to explain how he attained that status by studying easy Raja Yoga. First of all, the Father creates Brahmins through Brahma. He speaks the essence of all the Vedas and scriptures. Together with Brahma, the mouth-born creation of Brahma is also needed. Only Brahma receives the knowledge of trikaldarshi. Triloki means he also receives the knowledge of the three worlds. The three aspects of time are the beginning, the middle and the end, and the three worlds are the incorporeal world, the subtle region and the corporeal world. You have to remember these words. Many children forget these. It is Maya in the form of arrogance of the body that makes you forget. So, the Creator of the Gita is the Supreme Father, the Supreme Soul, Shiva, and not Shri Krishna. Only the Supreme Father, the Supreme Soul, is Trikaldarshi and Trilokinath. Neither Krishna nor Lakshmi or Narayan has this *knowledge* at all. Yes, those who received this *knowledge* from the Father became the masters of the world. When you have received salvation, your intellects lose this *knowledge*. The Bestower of Salvation for All is that One. He is not the one who takes rebirth. Rebirth begins at the beginning of the golden age. From then to the end of the iron age, you take 84 births. This explanation has to be given. Not everyone takes 84 births. The one who wrote that Gita cannot be called Trikaldarshi. First of all, it is totally *wrong* where it is written "God Shri Krishna speaks". It definitely has to be *wrong*. Only when all the scriptures are *wrong* can the Father come and speak that which is *right*. Truly, He speaks the true essence of the Vedas and scriptures through Brahma and this is why He is called the Truth. You now have the company of the Truth, who makes you truthful. There is Prajapita Brahma and his mouth-born creation, Jagadamba Saraswati. All the children of Prajapita Brahma are brothers and sisters. You should go to the temples anywhere and give lectures. Many people go sightseeing there. When you explain to one, a whole spiritual gathering will gather there. You should also go to the cremation grounds. People have disinterest there. However, Baba says: When you explain to My devotees, they will quickly understand. So, you have to go to the temples of Shiv Baba and Lakshmi and Narayan. Lakshmi and Narayan are not called Mama and Baba. Shiva is called Baba and there must surely also be Mama; she is incognito. No one can

know the incognito secret of how Shiv Baba, the Creator, is also called the Mother and Father. Lakshmi and Narayan would only have one son. However, this one's name is Prajapita Brahma. Vishnu and Shankar are not placed high. Trimurti Brahma is considered to be higher. Just as God Shiva is called the Creator, so Brahma too is called a creator. That One is imperishable anyway. If you use the word 'Creator', they will ask: How did He create? He is the Creator anyway. However, creation takes place through Brahma. God is now giving all souls the *knowledge* of the beginning, middle and end of the world through Brahma. The Vedas and scriptures etc. are all the paraphernalia of the path of devotion. The path of devotion continues for half the cycle. This is the activity of knowledge. When the path of devotion ends and everyone has become impure and tamopradhan, it is then that I, the Father, come. You are at first satopradhan and you then go through the stages of sato, rajo and tamo. Pure souls who come from up above haven't as yet performed any such actions for which they would have to experience suffering. They say of Christ that he was crucified on a *cross*, but that was not possible. A new soul that comes down to establish a religion cannot receive sorrow because that soul is a *messenger* in his karmateet stage who comes to establish a religion. When a *messenger* is sent onto a battlefield, he goes carrying a white flag through which the other side understands that he has come with a *message*. They don't cause him any difficulty at that time. So, no one can put a *messenger* on a *cross*. It is the soul that experiences sorrow. You should write that souls are not immune to the effect of action. It is *wrong* to say that souls are immune to the effect of action. Who said this? These are the versions of God Shiva. You should *note* down this *point*. You need very broad and unlimited intellects to write this. When Christians come to the exhibitions, you can tell them that it wasn't the Christ *soul* that was crucified on the *cross* but that it was the soul of the body that the Christ soul entered who would have experienced suffering. When they hear such things they will be amazed. That pure soul came and established a religion according to the *directions* of God, the *Father*. This is also in the *drama*. Some people understand the *drama*, but they don't know its beginning, middle or end. When they hear such things, they will try to understand some of these things. No one can insult Krishna. Who is it that really receives insults at this time? Not Shiv Baba, but this corporeal one. Baba, the *pure soul*, is the *Teacher* whereas this one is *impure* and is becoming *pure*. Those who have understood clearly will speak without hesitation. Otherwise, people would understand that you have just memorized it, and they would then not be able to accept it and the arrow won't strike the target. A lot of honesty and cleanliness is required. If someone who indulges in vice tells others that lust is the great enemy, the arrow will not strike the target. There is the example of the pundit who said: Chant the name of Rama and you will be able to go across the river or the ocean. This refers to this time. Shiv Baba says: By remembering Me, you will go across this ocean of poison. The pundits don't know which ocean. You will go from the brothel to Shivalaya. You have to follow shrimat very well. You say: Baba, whether You love me or reject me... The explanation is only given here and still some become like corpses. You children have to study well. The Father is the Ocean of Love, that is, He educates you and enables you to receive a high status. This is His love. Since the Father is teaching you, you have to study and then also teach others. You have to please the Father. You have to remain busy in the Father's *service*. The Father's *service* is for you to do the true service of Bharat with your body, mind and wealth. You have to explain with a loud and clear sound. All are numberwise. They would also be numberwise in a kingdom. The *Teacher* understands what *number* you will receive in the divine kingdom. He can understand from your *service* who will become the main ones. You yourself can understand that, if you don't do as much *service* as Mama and Baba, you will have to become maids or servants. As you progress further, all of you will come to know everything. It will all become *clear* that you didn't follow shrimat. At this time all of you children are *students*. If you make someone your servant at this time, you yourself will have to become a servant. To become an empress here is body consciousness. You should speak the truth: Baba, I made this mistake. No one has become perfect yet. When someone fails his examination, he is ashamed. Baba was thinking during the night that people speak of 21 births and this is also remembered, but that, this one Godly birth now is different. There are eight births in the golden age, 12 births in the silver age, 21 births in the copper age and 42 births in the iron age. This Godly birth in which you are *adopted* is the most elevated birth of all. This is the most fortunate birth of only you Brahmins. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Give the *return* of love of the Father, the Ocean of Love. Study well and teach others. You have to follow *shrimat*.
2. First of all, imbibe knowledge with honesty and a clean heart and then inspire others to imbibe it. Stay in the company of the one Father.

Blessing: May you become an image of experience who gives others the feeling of belonging by staying beyond all limits.

Just as it emerges in each one's mind "My Baba", so let it emerge in each one's mind, "This one is mine", for an unlimited brother or sister, Didi or Dadi. No matter where you stay, you are an instrument for unlimited service. To stay beyond all limits and to have unlimited feelings and unlimited good wishes is to *follow* the *father*. Now experience this *practically* and also give others the same experience. In any case, experienced mature ones are called "Pitaji" (father) or "Kakaji" (uncle). Become experienced in this way, in an unlimited way, that is, let everyone experience belonging.

Slogan: Continue to fly in the stage of being beyond and you will not get trapped in the bondage of a branch.

Elevated versions of Mateshwari**Human beings take 84 births, they will not enter 8.4 million species**

When we ask God to take us across to the other side, what does, "to the other side", mean? People think that to go across to the other side means not to come into the cycle of birth and death, that is, to be liberated. This is what people say, but that One says: Children, the place where there truly is happiness and peace, far away from sorrow and peacelessness is not called a world. When people want happiness - that has to be in this life. That one was golden-aged Paradise, the world of deities, where there was a life of complete happiness. Those deities were said to be immortal. There is no meaning of immortal. It isn't that the lifespan of the deities was so long that they never died. To say this for them is wrong because it is not like that. Their lifespan does not last through the golden and silver ages. However, the deities have had many births in the golden and silver ages. They ruled the kingdom very well for 21 births. Then they have taken 63 births from the copper age to the end of the iron age. In total, they took 21 births of the ascending stage and 63 births of the descending stage: in total, human beings take 84 births. However, when people think that human beings go through 8.4 million species, that is a mistake. If human beings can go through their parts of happiness and sorrow in just the human birth, then what is the need to go through any suffering in the animal kingdom? However, people do not have this knowledge. Human beings take 84 births, but, in total, there are definitely 8.4 million species of animals, birds etc. on the earth. There is every type of creation and, in that, human beings experience their sin and charity as a human species, and animals experience everything in their animal kingdom. Neither do human beings take birth as animals nor do animals take birth as humans. Human beings have to go through their suffering in their own species, and so there is the feeling of happiness and sorrow. In the same way, animals have to go through their experience of happiness and sorrow in their own kingdom. However, they do not have the intellects to understand which action they are suffering for. Human beings feel their suffering because they have intellects, but it isn't that human beings go through 8.4 million species. A non-living tree also belongs its own species. This is easy and a matter of understanding with the intellect. What actions or neutral actions would a non-living tree have performed that it would have created a karmic account? For instance, Guru Nanak spoke the elevated versions: Those who remember their son in their final moments, those who die with such worry will take a birth as a boar. However, this does not mean that human beings go into the boar species, but it means that their actions are like those of animals. However, it is not that human beings become animals. These teachings are given to make people afraid. So, you have to transform your life at this confluence age and become a charitable soul from a sinful soul. Achcha.
