

Essence: Sweet children, now that you belong to the Father, you have to make effort to claim a *first number*. By following Mama and Baba and paying attention to the study, you will claim a *first number*.

Question: What is the difference between the *results* of the actions you perform by following the dictates of your own mind and of performing actions according to shrimat?

Answer: Those who perform actions according to their own dictates have to repent for them in the future; they continue to be unhappy. Some become bankrupt by following the dictates of their own minds, which are the dictates of Maya. Some become ill and some have untimely death. All of that is repenting for your actions. You children perform such elevated actions according to shrimat that you won't have to repent for them for half the cycle.

Song: Having attained You, we have attained the whole world.

Om shanti. You children heard two *lines* of the song. Since we have attained the unlimited Father, we are claiming the sovereignty of the whole world from the unlimited Father. It can be understood with a completely ordinary intellect that, when there was the kingdom of deities in Bharat, there were no other religions. There was the dynasty of just Lakshmi and Narayan, just as there were the kingdoms of Edward the *first* and the *second*. That was in the *United Kingdom*. When it was the kingdom of Lakshmi and Narayan in Bharat their kingdom extended over the whole world. People have forgotten this. You children have now attained the Father, which means that you have attained the kingdom of the world. The Father, Himself, says: Children, you have forgotten that, when there was the kingdom of deities in this Bharat, when it was the golden age, you were the masters of the whole world. There was no *partition* etc. Lakshmi and Narayan were *double* crowned. Even maharajas built temples to Lakshmi and Narayan and Rama and Sita in their palaces in order to worship them. Those were kings of Bharat and these were also kings of Bharat, but those were kings of the golden and silver ages whereas these were the kings of the copper and iron ages. In the golden and silver ages, there were the kingdoms of Lakshmi and Narayan and Rama and Sita. Then, afterwards, there were kings who indulged in vice. How do those who indulge in vice become kings? Shiv Baba sits here and explains these things through this one (Brahma Baba). Those who are worthy of worship and who then become worshippers are remembered. Everyone definitely has to become tamopradhan from satopradhan. He says: O children, at first, you were satoguni emperors and empresses in the golden age and you were completely pure. You children remember this. Truly, we were worthy of worship; we are not that now and we are claiming that status by making effort. Maya has made us into worshippers. You have to imbibe these teachings you receive. *Students* keep in their intellects the teachings they receive at *college*. It remains in the intellects of you children that you people of Bharat were deities. The Father came and taught us Raja Yoga in the previous cycle too. The main aspect is that of the Gita. When you meet someone, ask that person: Have you ever listened to or read the Gita? It says in that: God speaks. How does He speak those versions? Have you ever heard that God teaches? Only in the Gita does it say: God speaks. You children know that God taught you Raja Yoga and told you that He would make you into kings of kings. They have then mentioned Krishna's name. Krishna was a *prince* of the golden age. Krishna attained that status from his father. Krishna was not alone. There used to be the kingdom of Lakshmi and Narayan. That is now being established once again. Krishna has now completed his 84 births and is once again claiming that kingdom. This should enter the intellects of you children. God also taught you in this way 5000 years ago. God is *knowledge-full and blissful*. Krishna cannot be given the *title of knowledge-full and blissful*. The Father gives *bliss* to the whole world, including the elements. No one, other than the Supreme Father, the Supreme Soul, can do this. *Bliss* means mercy. Here, all the elements etc. are tamopradhan. When there is rainfall, it causes damage. There continue to be storms. All of that is unlawful. In the golden age, nothing is unlawful to cause damage. The harvest is ready at the right *time*. Water is given at the right *time*. There are no calamities there. These here are calamities of Maya that cause you sorrow. People don't understand the meaning of Maya. You now understand that the Father is called the Supreme Father, the Supreme Soul, which means God. You should also speak this *accurately*. The Father says: I teach you such actions that you will never have to regret them. By following their own dictates, every human being regrets his actions. To have a fever or a cough is also the suffering of karma. To become bankrupt is also repenting for your actions. The Father is teaching you elevated actions. To the extent that each of you studies this, accordingly you will claim a high status in heaven. At the theatre, some people have *special, reserved seats*. Then, it is numberwise: *second class, third class* etc. Prominent people take a *seat* at the front. It is numberwise in a study too. The Father says: I have come to make you into the masters. That depends on

how much you study. The study is very *simple*. The One teaching you is the Incorporeal. His name is not Vyas or Krishna etc. All of them have images. Brahma has an image and Krishna too has an image. Anyone who has a subtle or physical image cannot be called God. God is only One and He is called Shiva. No matter how many temples there may be to Him, His name is just the one and it can never be changed. He is the incorporeal Supreme Father, the Supreme Soul. Who said this? Incorporeal souls say that the Supreme Father, the Supreme Soul, resides in the supreme abode and that we souls are His children. We too have come from there to play our *parts*. The Father doesn't tell you the *biography* of each *actor*. Only the main actors' biographies are told to you. Here, too, people tell you the *biographies* of important people. Who is the highest human being of all in the whole unlimited world? Who has the highest *part* of all in the *drama*? This too has to be understood. The Father sits here and teaches us *actors*. Only the Father is the *Creator* and *Director*. Shiv Baba gives Brahma the *direction*: You have to establish the deity religion. You have to establish it and then go and sustain it. I will not do that. He teaches you and gives you *directions*. He is Karankaravanhar. He, Himself, acts, gives *knowledge*, and also inspires you to act. You receive *shrimat*: Do this! According to the *drama*, Brahma carries out this establishment and then rules the kingdom. Brahmins will also rule the kingdom. The Father explains: I alone am the incorporeal One and all the rest are corporeal beings. Now, the incorporeal Supreme Father, the Supreme Soul, gives directions to souls. Souls listen through their ears and speak through their mouth. Therefore, the main One of all is the Supreme Father, the Supreme Soul; then there are the residents of the subtle region: Brahma, Vishnu and Shankar. Then, at the confluence age, there are Jagadamba Saraswati and Jagadpita Brahma; they are the greatest of all. Creation takes place through them. All of you together are making Bharat into heaven. You change human beings into deities with the Father's help. In the golden age, there is the deity community. The Father says: I teach you such actions that you will never be unhappy. Now, everything depends on your efforts. You can belong to the Father and claim a *first-class ticket* or belong to either the sun dynasty or the moon dynasty. You know that your Mama and Baba make the most effort of all; they do *service*. They will become the empress and emperor. You will take their throne, will you not? Or, will you fail? Jagadamba is praised so much. Saraswati is the daughter of Brahma. So, they have then built separate temples to each of them. They have a big temple to Brahma in Ajmer. He is the world father and she is the world mother; they create the world. There are four main religions, and then many small sects and cults etc. continue to emerge. They continue to fight and quarrel among themselves because there are many *partitions*. They have a lot of fighting going on everywhere. It will not be like that in the golden age. The Father explains: Sweetest, beloved children, you have to understand this *drama*. You know that we souls come from the supreme abode; we each adopt a costume in the womb and play our *parts*. Our *parts* have now come to an end. We will then shed our bodies and return bodiless. The Father has come; there is also Shiv Jayanti. Shiv Baba surely came and incarnated. When and how did His birthday take place? How and in whom did Shiv Baba come and what did He do when He came? No one knows any of these things. He must definitely have made Bharat into heaven. If the Father didn't come, who would teach you children? The directions of everyone else are iron aged and devilish. You cannot become elevated by following them. I am now giving you elevated directions. Don't follow the dictates of anyone else. I am the most elevated of all and I will definitely make you elevated. Therefore, you should hold on to this *shrimat*. If you follow the directions of anyone else, you will be deceived. If you take *shrimat* at every step, you will become like Lakshmi and Narayan. Their praise is: You are the Mother and You are the Father. I, in the form of the Father, *Teacher* and *Satguru* give you directions, through which you become like Lakshmi and Narayan. It is because you have this knowledge that you are able to explain to others. It is numberwise. You know that Mama *refreshes* you a great deal. Baba also *refreshes* you. Therefore, you children have to *follow* them. Baba, I will listen to You and then relate that to others. It is very easy. Tell them: God's versions are written here. God is incorporeal. You know that the Vedas and scriptures etc. were created in the *drama* in advance. Whatever is mentioned in the scriptures and however they have been created, they will be created in the same way again. These are such deep matters! Baba will continue to tell you the deepest of all matters so that you children can understand them and then explain to others. Vyas was a human being who wrote all of that. Who is God? He is the Father of all. Krishna is not that. Only you children know the *history* and *geography* of Krishna. God is the Creator of the world. God, not Krishna, taught Raja Yoga. You should have the intoxication that you are studying Raja Yoga and will become *princes* and *princesses* in the future. When you are studying to become a *barrister*, you have the intoxication that you will *pass* your examination and then become a *barrister* and sit on that seat. You know that everyone has to die. The Father now says:

Make effort before dying. At this time, only you have love for Me. The Kauravas had non-loving intellects and the Pandavas had loving intellects. So, there was establishment for those with loving intellects and destruction for those with non-loving intellects. This is a study. First of all, there has to be the faith that the Father is teaching you and making you into kings of kings. I come to teach you every 5000 years. There cannot be any *change* in the *drama*. You know that only the one Father tells the truth. All the paths that human beings show for God and whatever they say about His creation are all lies. People understand this, but this is not the time for your influence to spread, and this is why it will take time. A *train* reaches its destination at its own *time*. It does not reach somewhere at 2pm instead of 8am. While making effort, we understand that we will now soon go to heaven. However, Baba, the *Stationmaster*, says: The *flag* has not yet been lowered, that is, you don't yet have the *signal* to go ahead. There is still time. You will only go when the kingdom has been established. Many children say: Baba, we are tired of staying here for so long. Baba says: This is your *number one* birth. You must never become distressed in this birth. "Salutations to the mothers" has been remembered. You have to purify the whole world with the power of yoga. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. At this time of destruction, have true love for the one Father. Always maintain the intoxication that you are studying Raja Yoga and that you will become *princes* and *princesses* in the future.
2. Do the service of purifying the whole world with the power of yoga. Never become tired of this *number one* birth.

Blessing: May you have a big and generous heart and become an emperor of the heart by constantly having pure hopes for yourself. Always have pure hopes for yourself. Never become disheartened. The Father always had pure hopes for every child; no matter what each one was like, the Father never became disheartened with even the *last number* child, but always had hopes. Therefore, you too must not become disheartened or lose hope for yourself, for others or for service. Be an emperor in your heart. "Emperor" means generous-hearted, one with a constantly big heart. Do not imbibe any weak sanskars. Be *knowledge-full*, discern the different forms of Maya and become victorious.

Slogan: Let the "self and the Father" (Aap and Baap) be *combined* in such a way that no third person can separate you.
