

**Essence:** Sweet children, you are gurus, children of the Satguru, who give everyone the mantra for liberation-in-life. You can never tell lies about God.

**Question:** What is the way to receive liberation-in-life in a *second* and what is the memorial of that?

**Answer:** In order to receive liberation-in-life in a *second* while living at home with your family, become as pure as a lotus. Simply promise to remain pure in this final birth and you will receive liberation-in-life. The example of King Janak is remembered because of this. While living at home with his family, he received liberation-in-life in a *second* on the basis of making a promise.

**Song:** This time is passing by.

Om shanti. The Father comes to give everyone liberation-in-life in a *second*. There is the praise that the Bestower of Salvation, the Bestower of Liberation-in-Life for All, is One. Why do they speak of liberation-in-life in a *second*, like in the example of King Janak? His name was Janak, but that same one later became Anu Janak (one who once again becomes Janak in the future). For Janak, it is said that he received liberation-in-life in a *second*. However, liberation-in-life would be said to be in the golden and silver ages. Gurus whisper a mantra in your ear; that is also called the mantra that disciplines your mind. All of them give mantras, but you receive the great mantra, the mantra for liberation-in-life. Who gives you this mantra? The Brahma Kumars and Kumaris. Where did they receive this mantra from? From that Satguru. The most elevated One is only the one Father. Then you children become the most elevated. There, they have the most elevated gurus. You are also gurus, the children of the Satguru. Even those who relate the Gita are called gurus; it is numberwise. You too are gurus who speak the truth. You never tell lies about God. First of all, you tell them about purity: Promise the Father that you will never indulge in vice. Not to tell lies is *common*. Many people continue to tell lies, but it is not like that here. Here, it is a question of purity. While living at home with your family, you promise the Father that you will remain as pure as a lotus in this final birth. Therefore, here, it is a question of remaining pure. They say that this is a very high destination, that it is not possible. You say: Wah! why is it not possible? It is remembered: To live like a lotus. This example is also written in the scriptures. Surely, the Father would have given you such teachings. There are the versions of God and the versions of Brahmins. God doesn't speak to everyone. It is only the Brahmin children who listen to Him. You have to explain this to everyone. The main thing is purity. You have to become as pure as a lotus, like King Janak. That same Janak then became Anu Janak, just as Radhe becomes Anu Radhe (she becomes Radhe in the future). Someone who is called Narayan would become Anu Narayan in the future. This is *accurate*. You have to explain to whoever comes here: You have heard about liberation-in-life in a *second*. It is possible to claim a high status while living at home with your family. We speak from experience, we do not just tell lies. God speaks: Explain the main thing that God is the Father of everyone. He is also definitely the Bestower of Liberation-in-Life. This is the family path. Sannyasis belong to the path of isolation. They can never teach Raja Yoga. They leave their homes and families and run away. They cannot give this knowledge. This is Raja Yoga. While living at home with your families, you have to remain as pure as a lotus. In the golden age, Bharat was the pure family path and it used to be the *viceless* world. Both men and women are needed for a kingdom. So, you have to explain that you are experienced: While living at home with our families, we are able to stay as pure as a lotus. We know that we will become pure and become the masters of the pure world through the Father. There was the pure family path whereas now it is the impure family path. This world is corrupt whereas that world was elevated. Ravan makes you corrupt and Rama makes you elevated. The kingdom of Ravan continues for half the cycle. The path of devotion exists in the corrupt world. They continue to make donations and perform charity because there is corruption. They believe that they will find God by making more donations and performing charity. They worship God. They say: Come and make us elevated. Bharat was elevated; it isn't that now. Those who are corrupt then become elevated. No one knows the story of the new creation of Bharat. This can be explained very well using the pictures. You have to make such pictures. There should be an exhibition picture set at every *centre*. Baba gives you *directions*. So, if you write and say that you don't have those pictures, Baba will give *directions*: Make them like this and send them to everyone so that everyone has an exhibition set. These pictures are full of meaning. First of all, it should enter your intellects that you are children of the Father. God is the One who creates heaven. Ravan is the creator of hell. Make an image of the Ravan with ten heads in the picture of the cycle and show the four-armed image on the globe of heaven. You can also write: This is the kingdom of Rama; this is the kingdom of Ravan. At this time, Ravan is omnipresent. There, we won't be able to say that Rama is omnipresent. It is

remembered: Souls remained separated from the Supreme Soul for a long time and the beautiful meeting took place when you found the Satguru in the form of an agent. Therefore, He would definitely come. No one knows this account. It is the deity souls that become separated first. This is the *knowledge* that you have to explain to everyone. There is the Father of souls. O soul, tell me the *occupation* of your Father, the Supreme Father, the Supreme Soul. Do you not know it? There cannot be a child who doesn't know the *occupation* of his father. The Father sits here and explains: You don't know your own births. I explain them to you. Those who are the first deities take this many births. So, just calculate how many births those of other religions would take. You have to prove to them that, at the *maximum*, there are this many births. The tree continues to grow. First of all, there are the deities and they are the ones who are said to have 84 births. This is the *knowledge* of Bharat. Who gave the *knowledge* of ancient Bharat? They would not believe that Krishna gave it. God Himself gave it. *God*, the *Father*, is *knowledge-full*. Neither Brahma nor Krishna can be called *knowledge-full*. The praise of Krishna is separate. This is very *clear knowledge* and it has to be understood. The God of everyone is the one incorporeal Supreme Father, the Supreme Soul. He is the Creator whereas Krishna is the creation. God, the Highest on High, is One. He cannot be called omnipresent. In Bharat, the *President* is the highest and then the rest are numberwise. Everyone's *occupation* would be told. It isn't that all of them are the same. You have to prove that each and every soul has received an imperishable *part*. Discuss this among yourselves and make *service plans*. However, those whose *lines* are not *clear*, who have vices or are trapped in someone's name and form, will not be able to do this work. A very *clear line* is required for this. The *result* will be announced at the end. Now, all are numberwise. People say: God Vyas wrote the scriptures. Vyas cannot be God. In fact, there are only four religious scriptures. The religious scripture of Bharat is just the one Gita, the mother and father of all scriptures. Only through that do you receive the inheritance. You receive the inheritance from the Father through the mother. The Father of the Mother Gita is the Creator. So, the Father gives the ancient *knowledge* of easy Raja Yoga through the Gita. The Gita is the scripture of the land of Bharat. Then those of Islam have their own religious scripture, the Buddhists have their own religious scripture and the Christians have their own religious scripture. The Gita is the mother and father of all, and all the rest of the scriptures are its children; they emerged later. To which religion do all the Vedas and Upanishads etc. belong? You should know who spoke them and which religion emerged from them. There is no religion. First of all, prove that the Gita has been falsified. Instead of the Father's name, they have mentioned the name of the child. The life story of each is different. The Father says: Renounce all bodily religions and constantly remember Me alone. God speaks to souls: Become bodiless and remember Me. Only the bodiless Father can say this. Sannyasis cannot say this. These words are from the Gita. He speaks to those of all religions: May you be bodiless! The play is now coming to an end. Everyone receives the mantra: Renounce your body and all bodily relations and constantly remember Me alone and you will come to Me. After liberation, there is definitely liberation-in-life. The status you receive is liberation-in-life *via* liberation. Whoever comes here *passes* through the sato, rajo and tamo stages. The explanation is so good! However, children hear through one ear and let it out through the other. Otherwise, it is very easy. You can have exhibitions in many places. So, also have it printed in the newspapers. You can spend some money on this; let everyone hear about it. You definitely have to print it in the newspapers. You children should have a lot of intoxication. However, very little *time* remains. Ask the gopes and gopis about the feeling of supersensuous joy. It is remembered: These are the gopes and gopis of Gopi Vallabh. Gopes and gopis neither exist in the golden age nor in the iron age. There, there are the goddesses Lakshmi and Radhe. Gopes and gopis exist now; they are the grandsons and granddaughters of Gopi Vallabh. Surely, there must also be the Grandfather. The grandfather, Baba and Mama, are the new creation at the confluence age. The Father says: I come at the confluence of every cycle to create the new world. From devilish children, you have become Godly children and you will then become deity children. You will then become warrior children, then merchant and shudra children in your 84 births. Expansion continues to take place at the same time. The tree also has to become *complete*. Annihilation doesn't ever take place. Bharat is the imperishable land. Bharat has to be praised a lot. Bharat is the most elevated land of all lands; it is never destroyed. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Night class: 16/04/68**

No one, apart from you Brahmin children, knows when it is the confluence age. There is a lot of praise of the confluence age of the cycle. The Father comes and teaches you Raja Yoga. Surely, the confluence age has to come before the golden age. There are human beings here; some are the lowest and some are the highest. People sing praise in front of them (deities): You are the most elevated human beings and we are the lowest. They say of themselves: I am like this and like that. No one, apart from you Brahmins, knows this most auspicious confluence age. How can we *advertise* it so that people can know about it? God Himself comes at the confluence age and teaches us Raja Yoga. You know that you are studying Raja Yoga. Now, what method should we create so that people can know about it? However, this will happen gradually. There is still time now. A lot of time has gone by and a short time remains. We say this so that people make effort quickly. Actually, knowledge is received in a *second* through which you receive liberation-in-life in a *second* at that time. However, you have the sins of half the cycle on your heads and they will not be cut away in a *second*; that takes *time*. People think: There is still time; why should we go to the Brahma Kumaris now? They take things wrongly from the *literature*. If it is not in their fortune, they take it wrongly. You understand that this is the age to become the most elevated human beings. There is the praise of becoming like a diamond. Then that decreases: the *golden age*, then the *silver age*. This confluence age is the *diamond age*. Satyug is the *golden age*. You know that this confluence age is even better than heaven; this birth is like a diamond. There is praise of the land of immortality. It then continues to decrease. So, you can also write: The most auspicious confluence age is a *diamond*, satyug is *gold*, and treta (silver age) is *silver*. You can explain that it is only at the confluence age that you become deities from human beings. They make a rosary of eight jewels and place a *diamond* in the middle. There is the *show* of the confluence age. The confluence age is like a diamond. There is the value of a diamond at the confluence age. You are taught yoga etc. and this is called *spiritual* yoga. However, only the *Father* is *spiritual*. Only at the confluence age do you find the spiritual *Father* and receive spiritual *knowledge*. How would human beings who have so much arrogance accept this that quickly? This is explained to poor people. So you also have to write: The confluence age is the *diamond* age and its duration is this much. Satyug is the *golden age* and this is its duration. They have shown the swastika in the scriptures. So, when you children remember this, you will have so much happiness. *Students* do have happiness, do they not? *Student life is the best life*. This is your *source of income*. This is the school for changing from human beings into deities. The deities were the masters of the world. You now know this. So there should be limitless happiness. This is why there is the praise: If you want to know about supersensuous joy, ask the gopes and gopis of Gopi Vallabh. The *Teacher* teaches you till the end and so you should remember Him till the end. God is teaching you and then God will take you back with Him. People call out: *Liberator, Guide*, liberate us from sorrow! There is no sorrow in the golden age. They say: There should be peace in the world. Ask them: When was there peace previously? What age was that? No one knows about that. The kingdom of Rama is the golden age and the kingdom of Ravan is the iron age. You know this, do you not? Children should relate their experiences. What things of the heart can I share? I have found the unlimited Father who gives the unlimited sovereignty, and so what other experience can I share? There isn't anything else at all! There is no other happiness like this. No one should ever sulk with anyone and just stay at home. That would be like sulking with your fortune. If you sulk with your study, what will you learn? The Father has to teach you through Brahma. So, you should not sulk with one another. That is Maya. There are obstacles created by devils in the sacrificial fire. Achcha.

To the sweetest spiritual children, love, remembrance and *good night* from spiritual Bap and Dada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Don't simply listen through one ear to whatever the Father tells you and then let it out through the other. Have the intoxication of knowledge and experience supersensuous joy.
2. Tell everyone this great mantra in order to give them the right to liberation and liberation-in-life in a *second*: "Renounce your body and all bodily relations and remember the one Father."
