

Essence: Sweet children, for half a cycle Maya has been harassing you a great deal. You have now come to take refuge with the Father. Become conquerors of Maya and conquerors of the world by having true love for the Father.

Question: What effort does even God have to make at the confluence age?

Answer: That of cleaning the dirty clothes, the souls. You children have come to the Father in order to clear your accounts of sins. To the extent you remain soul conscious and remember the Father, so you will accordingly become a conqueror of sinful actions. If you connect your intellect in yoga to someone other than the Father, you will become a Bhasmasur (demon who burnt himself to death). Therefore, continue to follow shrimat.

Song: Salutations to Shiva.

Om shanti. You children have taken the support of the Father, that is, you have come to take refuge with the Father. That one is not a worldly father, He is the Father from beyond. Maya has been harassing you for half the cycle. Only you children know that this is the land of sorrow, the devilish world. Every cycle, you children come to the Father to take refuge. You have become refugees. Maya has made you extremely unhappy. You children know that Maya has destroyed whatever dignity and honour you had. When human beings experience sorrow, they go and take support from someone. Here, you have been in Maya's refuge for half a cycle. The One whose refuge you have now taken is sitting and explaining to souls. People of the world do not know when they started to become unhappy. You children now understand that you were the flowers of heaven and that Maya then came and made you into thorns. After all, you are human beings, you are not animals. Children say: You are the Mother and Father and we are Your children. We have taken refuge with You; protect us from this Maya, Ravan. Baba is definitely liberating you children from Maya and making you into the masters of heaven. Maya has been troubling you a great deal. Only when they are harassed do devotees remember God. This is according to the *drama*. Maya becomes the enemy of those who were in heaven. No one knows that Maya has been an enemy for half a cycle. These deep aspects have to be understood. For half the cycle, you have been remembering God in order to know how you can be liberated from this problem. The Father comes and makes us belong to Him and gives us our inheritance of heaven. At this time, all of you are *refugees*. Nowadays, there are many *refugees*. They go and seek *asylum* or refuge. You understand that Maya has made Bharat very unhappy. When Bharat was heaven, the deities were very happy. Even the *Europeans* know that Bharat is a very ancient land and that only Bharat existed before they themselves existed. Ancient Bharat was very prosperous and happy; it was called *heaven*. It is a question of 5000 years. That same Bharat is now bankrupt and worth a shell. Who made it like this? Maya, Ravan. For the past half cycle, Bharat has been declining so much that it has become as worthless as a shell. The Father says: Maya has been harassing you for half a cycle. You are now asking God for *asylum*. God, come! We will sacrifice ourselves to You. Only the Supreme Father, the Supreme Soul, makes Bharat as valuable as a diamond once again. This is why the devotees remember God: O God, come and give me refuge! They also say: Maintain our honour! You are the Merciful One! However, then they say that He is omnipresent! This is known as defamation of religion. You know that, for half a cycle, Maya has been making you fall completely. The Father says: I come every cycle, when the religion and activity of Bharat have become corrupt. People of Bharat don't even know their own religion. This is their fate. Only when it disappears completely does the Father come to establish it again. That religion has now disappeared again. This happens according to the *drama*. It is then that the Father comes and establishes heaven through Brahma, and destroys hell through Shankar. It is now the time for destruction. You now have loving intellects, whereas the intellect of everyone else has no love. You have taken refuge with the Almighty Authority, the Supreme Father, the Supreme Soul, in order to gain victory over Maya. You receive easy Raja Yoga and knowledge. The Father says: You have forgotten Me, your Father. Maya has made you turn your face away from Me, your Father. The Father sits here and gives you teachings through the mouth of Brahma. Because of Maya's influence, such defamatory things have been written. You understand that no one except the Father can teach Raja Yoga. The Father is the Creator of heaven. It is the soul that speaks. Baba makes you soul conscious. It is the soul that carries the sanskars. It is souls that are affected by whatever they do. They think that souls are immune to the effect of action and that it is the bodies that are affected. Because of that, they go and bathe in the Ganges. However, the water of the Ganges cannot cut away sins. This is why the Father says: Forget everyone including your own body. Have the faith that you are a soul and remember Me, the Supreme Father, the Supreme Soul, Shiva. Shiva is incorporeal. Although the birth of Shiva is celebrated, no one knows Him. The Somnath Temple (the Lord

of Nectar) is very big, but no one knows when He came, how He came or what He did when He came. He must definitely have had to enter someone's body. The notion of omnipresence has made everyone forget everything. Now the Father says: Follow shrimat! Shiv Baba enters this body and gives you *knowledge*. He has taken this body on *loan*. He has become the Charioteer of this chariot and is giving you knowledge. However, it is not a question of a horse chariot. This one is also called Bhagirath (the lucky chariot) and Nandigan (Shiva's bull). They say that Bhagirath brought the Ganges, but the Ganges cannot emerge from anyone's head. Therefore, the Father says: You cannot attain Me by studying those Vedas and scriptures etc. I have to come. I have to come in order to give you asylum. People don't know what Ravan is. It is now the kingdom of Ravan. They follow the devilish dictates of Ravan. Now, by following shrimat, you are becoming the most elevated of all for 21 births. The devilish dictates begin in the copper age, which is called the *vicious world*. It is Ravan who creates the *vicious world*. Rama, Shiv Baba, establishes the *viceless world*. You heard the song "Salutations to Shiva". It is said: "Salutations to the deities Brahma, Vishnu and Shankar". It is not said: "Salutations to the Supreme Soul, Brahma". No; there is only one Supreme Soul and He is the one Father of all. You are now receiving your inheritance from the Father. This is a school for changing from human beings into deities. This is the *Godfatherly college* where God's words are spoken. The name written on it is: World Spiritual University. The *aim and objective* of becoming Lakshmi from ordinary woman and Narayan from an ordinary man is also written here. You are once again becoming Narayan from an ordinary man. By following shrimat you become elevated. Therefore, Baba says: Stay awake at night and remember the Father. Baba, we will only remember You. We have to come to You and You will then send us to heaven. The Father establishes heaven through you mothers. You stay in yoga and make Bharat pure. Through the peace of your yoga, Bharat will become peaceful for 21 births. Maya does not exist there and you therefore remain constantly happy. It is because of body consciousness that human beings become unhappy. The Father is now making you soul conscious. Those with divine virtues who existed in the golden age have now become those with devilish traits. You are now once again claiming your inheritance from the Father in order to become the masters of heaven, Shivalaya. This is a *college*. The Father will continue to teach you until destruction takes place, because there is half a cycle's burden on your head and that has not yet finished; it takes effort. At this time, all are sinful souls; there is not a single pure soul. Although they call out: O Purifier, come, they don't realize that this is an impure world. You have now become Brahmins. There are very few of you children of Brahma. You will then become deities from Brahmins and then warriors. This is the cycle of self-realization. Having taken birth and rebirth, we have completed our 84 births. These things are not mentioned in the scriptures. The scriptures have been shown in the hands of Brahma. That cannot be the Brahma who is the resident of the subtle region. The name is Prajapita Brahma, the one who is also called Adam. He is the *head* of the whole *genealogical tree*. You know that you are beads of the rosary of Rudra. We souls come from up above. Our place of residence is the supreme abode. Each of you souls has received an eternal *part* of 84 births. Impure human beings cannot explain any of these things. Only the Father can make impure ones pure. He is the One who has mercy on all. No one else can become the *leader* of those who have mercy on all. Only the Father can become this. The Father has great mercy. I come when everyone has become extremely unhappy. You children serve Bharat with your bodies, minds and wealth and make it into heaven, just as Gandhi made it independent of the *foreigners*. However, that was like a mirage. Now, Maya too is a *foreigner*. She has been ruling for half a cycle. The Father comes to free you from that. Maya has made you very unhappy. This is why the Father says: I come to *liberate* you. Now follow shrimat, otherwise, Maya will eat you raw. Follow shrimat and become elevated. You are the Shiv Shakti Pandava Army. The Dilwala Temple is your memorial. The Dilwala Temple is an *accurate* memorial of your *practical* form. You become the masters of heaven by studying Raja Yoga. Bharat used to be heaven. You have now come to take refuge with the Supreme Father, the Supreme Soul, in order to claim your unlimited inheritance from the Father. The kingdom of deities continues for 21 generations. You have come here in order to become the masters of heaven. Maya made you into Bhasmasurs (demon who burnt himself to death). The Father comes and showers you with the nectar of knowledge. You are given asylum by the Father and then Maya makes you into *traitors*. So many innocent ones are then assaulted. There is now no *sovereignty* here. The Father comes and establishes the *deity sovereignty*. There were emperors and empresses in the golden age. There is now no *sovereignty*; it is the rule of the people over the people. This is called unrighteousness. Maya establishes the kingdom of unrighteousness and then the Father comes and creates the kingdom of righteousness. There is now no *religion*. People say that they don't believe in religion. This is why there is

no *might* either. Their self-sovereignty is only temporary. They will die fighting and quarrelling among themselves. Baba comes and makes you into the masters of the land of immortality. The Father talks to souls: Children, you have to become soul conscious. To the extent you connect your intellects in yoga to the Father, so your burden of sins will accordingly be removed, and you will become conquerors of sinful actions. If you divorce the Father who makes you into the masters of heaven, and you connect your intellects in yoga to someone else, you will become Bhasmasurs. You are now sitting here in order to clear the accounts of your actions. There is a great burden of sin on you. The Father says: I come and uplift such sinners as Ajamil. The Father makes you so clean and pure with the nectar of knowledge. In spite of that, while following shrimat, some became amazed and then run away. God comes and makes so much effort on the dirty clothes that they tear. This is why the name Ajamil is given. Anyone who comes and belongs to the Father and then divorces Him is a *number one* Ajamil. No one can be such a sinner as that one. Therefore, you children have to follow shrimat very well. If you stop following shrimat, Maya will eat you up and you will lose your inheritance every cycle. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Serve Bharat with your body, mind and wealth and make it into heaven. *Liberate* it from the enemy, Maya.
2. In order to become soul conscious, forget everything including your body. Clear all your old karmic accounts with the power of yoga. Become conquerors of sinful actions.

Blessing:

May you become free from any other thoughts and any worry by becoming a companion of the Almighty Authority and having good wishes for everyone. Some children have thoughts about others, “So-and-so should become well from his illness, that their children or their husband follows the path of knowledge that their business runs well”. It is good to have those pure feelings, but these desires will be fulfilled when you yourself remain light and take power from the Father. For this, you need to keep the vessel of your intellect empty. If you want to benefit everyone, then become an embodiment of power yourself, be a companion of the Almighty Authority, and continue to move along with good wishes. Become free from any other thoughts and any worry, do not be trapped by any bondage.

Slogan:

Those who remain beyond questions remain constantly happy hearted.
