

**Essence:** Sweet children, remember the game of somersault. The secret of the whole cycle, of Brahma and the Brahmins, is merged in this game.

**Question:** What inheritance do all of you children receive from the Father at the confluence age?

**Answer:** A Godly intellect. God gives us the virtues that He has as our inheritance. Our intellects are becoming divine like diamonds. We have now become Brahmins and are claiming a huge treasure from the Father. We are filling our aprons with all virtues.

Om shanti. Today is the day of the Satguru, the day of good omens. Some days are more elevated; the day of the Satguru is also said to be the highest. Children are admitted into *schools* and *colleges* on the day of good omens, that is, on the day of the Lord of the Tree. You children now know that the Father is the Seed of this human world tree and that He is an immortal Image. You children are immortal images, children of the Father who is an immortal Image. This is so easy! The only difficulty is in remembrance. Only by having remembrance are your sins absolved; you become pure from impure. The Father explains: You children have unlimited imperishable omens. There are limited omens and then there are unlimited omens. The Father is the Lord of the Tree. Brahmins are the first to emerge on the tree. The Father says: I, the Lord of the Tree, am the Truth, the Sentient Being and the Embodiment of Bliss. His praise is sung: He is the Ocean of Peace and the Ocean of Knowledge. You know that all the deities in the golden age are oceans of purity and peace. Bharat was an ocean of happiness, peace and purity. This is called having peace in the world. You are Brahmins. In fact, you too are immortal images. Each of you souls is seated on your throne. All of you are living immortal thrones. A soul, an immortal image, which is also called a star, is seated in the centre of the forehead. The Lord of the Tree (Vrakshpati) is also called the Ocean of Knowledge and so He surely has to come. Brahmins, the *adopted children* of Prajapita Brahma, are needed first. So, Mama too is definitely needed. Everything is explained to you children very well. Just as you do a somersault, so the meaning of that is also explained to you. Shiv Baba is the Seed and then there is Brahma. Brahmins have been created through Brahma. At this time, you say that you are Brahmins and that you will then become deities. At first we had shudra intellects and the Father is now once again making us into those who have the most auspicious intellects. He is making our intellects divine like diamonds. He also explains to you the secret of the somersault. There is Shiv Baba and Prajapita Brahma, and the *adopted children* are sitting in front of them. You have now become those with very broad and unlimited intellects. You Brahmins will then become deities. You are now becoming those with Godly intellects, that is, you are receiving the virtues that God has as your inheritance. Do not forget this at the time of explaining to others. The Father is the Ocean of Knowledge. He is *number one*. He is called Gyaneshwar, the God who speaks knowledge to you. You receive salvation with knowledge. He makes impure ones pure with knowledge and yoga. Ancient Raj Yoga of Bharat is very well known, because the *iron age* was changed into the *golden age* with this. It has been explained that there are two types of yoga. Theirs is hatha yoga whereas this is Raj Yoga. That is limited and this is unlimited. Those are limited sannyasis whereas you are unlimited sannyasis. They renounce their homes and families whereas you renounce the whole world. You are now the children of Prajapita Brahma. This is a small, new tree. You know that you are becoming new from old. The *sapling* is being planted. We truly do a somersault. We Brahmins will then become deities. You definitely have to use the word "so" (are to become), not just the word "hum" (we). We were (hum so) shudras and have now become Brahmins. You must not forget this somersault at all. This is very easy. Even little children can explain how we take 84 births, how we come down the ladder and how we then become Brahmins and ascend. We change from Brahmins into deities. Brahmins are now receiving huge treasures. They are filling their aprons. Shankar is not called the Ocean of Knowledge. He does not fill anyone's apron. Artists have just painted that picture. It does not refer to Shankar. Vishnu and Brahma belong here. They have shown Lakshmi and Narayan in the form of a couple at the top. This is the final birth of Brahma. At first he was Vishnu and then, after taking 84 births, he became Brahma. I named Him Brahma. I changed everyone's name because they had renunciation. When you became Brahmins from shudras, your names were changed. The Father gave you very entertaining names. You can now understand and see that the Lord of the Tree is sitting in this chariot. This is His immortal throne and also this one's immortal throne. He takes this throne on *loan*. He doesn't receive His own throne. He says: I enter this chariot and give you My introduction. I am your Father, but I do not enter birth and rebirth like you do. If I were to come into this cycle, who would make you satopradhan from tamopradhan? You need someone to make you that. This is why My *part* is like it is. You call out to Me: O Purifier, come! Souls call out to incorporeal Shiv Baba, because souls are in sorrow. The souls of the people of Bharat especially call out to

Me: Come and make us impure ones pure. In the golden age, you were very pure and happy. You never used to call out. The Father Himself says: I make you happy and I then go and sit in the stage of retirement. There is no need for Me there (in the golden age). I have a *part* on the path of devotion and I then have no *part* for half the cycle. This is very easy. No one can question this. It is remembered that everyone remembers God at a time of sorrow. There is no path of devotion in the golden and silver ages. You would not call it the path of knowledge either. You receive knowledge at the confluence age through which you receive a reward for 21 births. You *pass*, numberwise, and some even *fail*. Your battle is now going on. You know that the chariot (Brahma) which the Father enters, wins and then the specially beloved children, such as Kumarka and So-and-so, also definitely win. They make many others the same as themselves. So, you children have to keep it in your intellects that this is a somersault. Even little children can understand this, which is why Baba says: Also teach this to children. They too have a right to claim the inheritance from the Father. It is not too much for them. When they know even a little knowledge, that will never be destroyed; they will definitely go to heaven. *Christianity* which *Christ* established is such a big religion. The deity religion is an even bigger religion and it exists at the beginning. It continues for two ages, and so its population should also be large but they have called themselves Hindus instead. They then say that there are 330 million deities, so why do they call themselves Hindus? Maya has completely killed their intellects and so this has become their condition. The Father says: It is not difficult to conquer Maya. You conquer Maya every cycle. You are an army. You have found the Father who enables you to conquer Ravan, the five vices. You now have the omens of Jupiter over you. There are omens over Bharat. There are now the omens of Rahu. The Father, the Lord of the Tree, comes and so there will definitely be the omens of Jupiter over Bharat. Everything is included in this. You children know that you receive bodies free from disease. There is no mention of death there; it is the land of immortality. You would not say that so-and-so died; there is no mention of death: you shed a body and take another. There is happiness on taking a body and leaving a body. There is no mention of sorrow. You now have the omens of Jupiter over you. There cannot be the omens of Jupiter over everyone. In a *school*, some *pass* and others fail. This too is a school. You say that you are studying Raj Yoga; so, who is teaching it to you? The unlimited Father. Therefore, you should have so much happiness. There is nothing else in this. Purity is the main thing. It is also written: O child, Renounce your body and all bodily relations and constantly remember Me alone. These are words from the Gita. The Gita *episode* is being played out. Even in this, people have confused everything. It is like a pinch of salt in a sackful of flour. It is something that is so easy that a child can understand it, so why do you still forget? On the path of devotion, too, you used to say: Baba, when You come, I will belong to You and no one else. I will belong to You and claim the full inheritance from You. You belong to the Father in order to claim your inheritance from Him. When you are *adopted*, you know what you will receive from that father. You too have been *adopted*. You know that you will claim the sovereignty of the world, the unlimited inheritance, from the Father. You will not have attachment to anything else. For instance, even if someone has a physical father, what would he receive? Perhaps he would have a hundred to a hundred and fifty thousand. This unlimited Father is giving you the unlimited inheritance. You children have been listening to false stories for half the cycle. You are now listening to the true story from the Father. Therefore, you should remember such a Father. You should listen to Him with attention. You also have to explain the meaning of "Hum so" (I am that which I was). They say that each soul is the Supreme Soul. No one can tell you the story of 84 births. They say of the Father that He is in cats and dogs and in everything; they defame the Father. This too is fixed in the *drama*. Baba doesn't blame anyone. The *drama* has been created in that way. You begin to insult the One who makes you into deities through knowledge. You do a somersault in this way. This *drama* is predestined. I come and once again uplift you. I know that it is not your fault. This is a play. I explain the story to you. This is the true story through which you become deities. They have then created many stories on the path of devotion. There is no *aim or objective* in those. All of that is for falling. In those schools, they give you an education, but you still have some *aim* for the livelihood of your bodies. Pandits sit and relate stories for the livelihood of their bodies. People put money in front of them but they don't receive any attainment. You now receive jewels of knowledge through which you become the masters of the new world. There, you will receive everything new. In the new world, everything will be new. Jewels and diamonds etc. will all be new. The Father now says: Forget everything else and remember the somersault. Fakirs too somersault while on a pilgrimage. Some still go by foot. Now they even have *motor cars and aeroplanes*. Poor people cannot go in that way. Those who have a lot of faith go by foot. Day by day, you receive a lot of comfort through *science*. That is temporary happiness.

When a plane crashes, it causes so much damage. Those things have temporary happiness and, at the end, there is only death in them. That is *science*, whereas yours is *silence*. By remembering the Father, all your diseases end and you become free from disease. You now understand that you were *ever healthy* in the golden age. This cycle of 84 births continues to turn. The Father only comes once and explains to you: You have defamed Me. You have slapped yourselves. By defaming Me you have become those with shudra intellects. Sikhs say: Remember the Lord and you will receive happiness, that is, become “Manmanabhav”. There are just two words, but there is no need to beat your head a lot. The Father comes and explains this. You now understand that, by remembering the Lord, you receive happiness for 21 births. He shows you the path to that too. People don't know the right way. Remember Me at every moment and receive happiness. You children know that there truly is no mention of illness or sorrow etc. in the golden age. This is something *common*. That is called the *golden age* and this is called the *iron age*. The world cycle continues to turn. The explanation is so good. It is a somersault. You are now Brahmins and you will then become deities. You forget these things. If you remembered the somersault, you would remember all of this knowledge. Before you go to sleep at night you should remember the Father in this way. Even then, you say: Baba, I forget You! Maya repeatedly makes you forget. This is your war with Maya. Then, you rule over her for half the cycle. The Father tells you easy things. It is called easy knowledge, easy remembrance. Simply remember the Father! What other difficulty does He give you? You went through a lot of difficulty on the path of devotion. In order to have a vision, people were ready to cut their throats; they would sacrifice themselves at Kashi. Yes, those who did that with that faith in the intellect would have their sins absolved. Their karmic accounts would then start anew but they do not come to Me. Sins are absolved by having remembrance of Me, not by committing suicide. None of them comes to Me. This is so easy! Old people and even young people should remember this somersault. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. In order to claim the inheritance of happiness, peace and prosperity from the Father, the Lord of the Tree, consider yourself to be a soul, an immortal image, and remember the Father. Make your intellect divine.
2. Listen to the true story from the Father and relate it to others. In order to become a conqueror of Maya, do the service of making others equal to yourself. Let it remain in your intellect that you are victorious every cycle and that the Father is with you.

**Blessing:** May you be a sensible soul and bid farewell to any wave of carelessness and constantly maintains zeal and enthusiasm.

Some children become careless when they see others. They think: Well, this happens all the time, it is fine. Is it being sensible if you become careless when you see someone stumble and then stumble yourself? BapDada feels mercy because the moments of repentance for those who remain careless will be so difficult. Therefore, be sensible and bid farewell in your mind to any wave of carelessness or wave of looking at others. Do not look at others, just look at the Father.

**Slogan:** Prepare heir *quality* souls and the drums of revelation will beat.
