Morning Murli Om Shanti

BapDada

Madhuban

Essence: Sweet children, keep this unlimited drama constantly in your consciousness and you will have limitless happiness. It is the good effort-makers, the very special children, who are worshipped the most.

Question: Which consciousness liberates you from all types of sorrow of this world? What is the way to remain cheerful?

Answer: Always remain aware that you are now going to the future new world. Maintain the happiness of the future and you will forget all your sorrow. In this world of obstacles, there will be obstacles, but when you remain aware that you will only be in this world for a few more days you will remain cheerful.

Song: Awaken! O brides, awaken! The new day is about to dawn.

Om shanti. This song is very good. When you listen to this song, the secrets of all the 84 births from the very beginning come into your intellect. It has been explained to you children that when you come down here from up above you don't come down *via* the subtle region. However, you do now have to return there *via* the subtle region. It is only at this time that Baba shows you the subtle region. These aspects of knowledge are not known in the golden and silver ages, nor are there any of these pictures there. There are many pictures on the path of devotion. The deities etc. are worshipped a great deal. Durga, Kali and Saraswati are in fact all one, but she has been given many different names. The good effort-makers, the very special ones, will be worshipped the most. You know that, from being worthy of worship, you became worshippers and began to worship Baba and yourselves. This one (Brahma Baba) used to worship Narayan. This is a *wonderful* play. Just as there is happiness on seeing a play, so this too is an unlimited play. No one knows about it. All the secrets of the *drama* are now in your intellects. There is so much sorrow in this world. You know that you only have to stay here for a few more days and that you will then go to the new world. When you maintain the happiness of the future, the sorrow of the present is removed. Many write: Baba, there are so many obstacles and we experience a loss. The Father says: No matter what obstacles come in front of you, whether you are a millionaire today and you go bankrupt tomorrow, you still have to stay in the happiness of the future. This is Ravan's devilish world. While you are walking and moving around, one or another obstacle will come. Very few days remain for this world. Then we will go to the world of limitless happiness. Baba says: Yesterday, we were ugly, we were village urchins. The Father is now giving us *knowledge* and making us beautiful. You know that the Father is the Seed, the Truth and the Living Being. He is called the *Supreme Soul*. He resides in the highest abode of all. He doesn't enter the cycle of rebirth. All of us enter the cycle of rebirth, whereas He stays in *reserve*. He has to come at the end of the cycle and grant everyone salvation. For birth after birth on the path of devotion, you have been singing: Baba, when You come we will belong to You. Mine is only one Baba and none other. We will only go with Baba. This is the world of sorrow. Bharat is so poor! The Father says: I made Bharat so wealthy and Ravan then made it into hell. You children are now sitting directly in front of the Father. Many live at home with their families. Not everyone can sit here. Stay at home with your families. You may wear coloured clothes. Who says that you have to wear white clothes? Baba has never told anyone this. It is because you do not like coloured clothes that you wear white. Although whilst living here you wear white clothes, those who wear coloured clothes can still benefit many in that *dress*. The women try to explain to their husbands: God speaks: Become pure. It is because the deities were pure that people bow down to their idols. It is very good to become pure. You know that it is now the end of the world. What will you do with all that money? There is so much robbery! There is so much bribery! The saying, "Some people's wealth will remain buried and some people's wealth will be stolen but only the wealth of those who use it in the name of God will be used in a worthwhile way", applies to this

time. God is now present in front of you. Sensible children give everything in the name of God and use it in a worthwhile way. Human beings donate to impure human beings. Here, donations from pure, charitable souls are accepted. You have no *connection* with anyone except Brahmins. You are pure, charitable souls; you only carry out pure charitable acts. Only you stay in these buildings that have been built. There is no question of sin. Whatever money you have, you spend that on making Bharat into heaven. Some of you even go without food and say: Baba, lay one brick of this building in my name so that I can receive a palace in return. Such children are so sensible! You receive gold in return for stones. Very little time remains. You do so much *service*! Fairs and exhibitions continue to increase. You daughters simply have to become more clever. Some of you do not belong to the unlimited Father; you won't let go of your attachment. The Father says: I sent you to heaven. I am now making you ready to go to heaven again. If you follow shrimat you claim a high status. No one else can say these things. The whole world cycle as well as the incorporeal world and the subtle world are in your intellects. The Father says: Children, become spinners of the discus of self-realisation and continue to explain to others. Just look what kind of business this is! You yourselves become wealthy masters of heaven, and so you also have to make others this. The only thing that should remain in your intellects is how you can show the path to others. According to the *drama*, whatever has *passed* is the *drama*. We observe whatever happens, *second by second*, as detached observers. The Father grants you children visions through divine drishti. As you make progress, you will have many visions. People will be crying out in distress, whereas you will be applauding in happiness. We are changing from human beings into deities and so a new world is definitely needed for us. Destruction is fixed for this. This is a good thing. Although people believe that they should not fight amongst themselves and that there should be *peace*, all of that fighting is fixed in the *drama*. The two monkeys fight with each other and the third one takes the butter from them. Therefore, the Father now says: Remember Me, the Father, and show everyone this path. Live in simplicity and eat simple food. Sometimes, you are given very good hospitality. You say of the treasure-store from which you eat: "Baba, all of this is Yours." The Father says: Look after it as *trustees*! "Baba, all this has been given by You." On the path of devotion, this was said just for the sake of saying it. Now, I am telling you to become *trustees*. I am now personally in front of you. I too become the *Trustee* and then, in return, I also make you *trustees*. Whatever you are going to do, first ask. Baba continues to give advice about everything. "Baba, shall I build a house? Shall I do this?" Baba says: Yes, you may, but you must not give anything to sinful souls. If your daughter won't follow the path of knowledge and wants to get married, what can be done? The Father asks: Why do you want to become impure? However, if it is not in their fortune, they become impure. There are many different *cases*. Even though someone stays pure, Maya slaps that soul who then becomes very bad. Maya is very powerful. When someone comes under the influence of lust, it has to be said that that was destined in the *drama*. Whatever has happened up to now also happened a cycle ago. It is *nothing new*! Many create obstacles while we are carrying out this good task. This is nothing new! We definitely have to make Bharat into heaven with our bodies, minds and wealth. We will sacrifice everything to the Father. You children know that you are serving Bharat spiritually according to shrimat. It is in your intellects that you are establishing your kingdom once again. The Father says: Open a spiritual *hospital-cum-university* on three square feet of land through which people can become *everhealthy* and *wealthy*. However, no one even gives three square feet of land! They say: The Brahma Kumaris will cast a spell on you and make you into a brother and sister. This is a very good method that is created for you in the *drama*. A brother and sister cannot have bad vision for one another. Nowadays, there are so many dirty things in the world, don't even ask! Just as the Father feels mercy, so you children also have to feel mercy. Just as the Father changes hell into heaven, so you merciful children have to become the Father's helpers. If you have wealth, open a *hospital-cum-university*. There is no question of any extra expense in this. Simply keep these pictures there. The locks on the intellects of those who took knowledge a cycle ago will open; they will continue to come. So many children come from so far away in order to study. Baba has seen some children who leave their village at night and reach their *centre* in the morning. They fill their aprons and return home. Let the

apron of none of you be such that everything you hear falls out of it. What status would you claim? You children should have a lot of happiness that the unlimited Father is teaching you in order to give you your unlimited inheritance. Knowledge is so easy! The Father understands that those with completely stone intellects have to be made into those with divine intellects. Baba has a lot of happiness. It is incognito and the knowledge is also incognito. Mama and Baba become Lakshmi and Narayan, and so should you become anything less? "I too will do *service*. Therefore, have the intoxication of establishing your kingdom with the power of yoga. You are now becoming the masters of heaven. This knowledge will not remain there. This knowledge is for the present time. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Become sensible and make everything worthwhile by using it in the name of God. Do not donate to impure ones. Have no *connection* with anyone but Brahmins.
2. Make sure there are no holes in the apron of your intellect that would allow knowledge to fall out. The unlimited Father is teaching you in order to give you your unlimited inheritance. Stay in this incognito happiness. Become as merciful as the Father.

Blessing: May you be a true server and make everyone powerful by giving them the co-operation of zeal and enthusiasm.

A server means one who gives everyone the co-operation of zeal and enthusiasm and makes them powerful. Now, there is little time and there is going to be the maximum creation coming here. Don't become happy thinking that so many have already come. The numbers are now going to increase a lot more and so now give a *return* of the sustenance you have taken. Be co-operative with weak souls that come and make them powerful, unshakeable and immovable and you will then be called true servers.

Slogan: Stabilise the soul, the spirit, whenever, wherever and however you want. This is spiritual *drill*.

***** Om Shanti *****

Invaluable elevated versions from Mateshwari

1) God, in the form of the Guru, Teacher and Father gives the inheritance of different relationships.

Look, God adopts three forms and gives us the inheritance. He is our Father, Teacher and also our Guru. With the Father, we have the relationship of a father, with the Teacher, we have a relationship of a teacher and with the Guru, we have a relationship of a guru. If you divorce yourself from the Father, how can you receive the inheritance? It is when you pass and receive a certificate from the Teacher that you will have the teacher's support. If you are a faithful and obedient child of the Father and yet do not follow His directions, you will not then create a reward for the future. Neither will you be able to claim complete salvation nor will you be able to claim the inheritance of purity from the Father. God's promise is: If you make intense effort, I will give you one hundred-fold benefit. This is not just for the sake of saying it, but you also need to have a deep relationship with Him. He had also given Arjuna the instruction: Kill everyone, constantly remember Me alone. God is the All Powerful One, the Almighty Authority, One with All Powers. So, He would definitely fulfil His promise. However, that is only when the children too fulfil their responsibility to Him,

when they break the yoga of their intellects away from everyone else and connect themselves to the one God. Only then can they receive their full inheritance from Him.

2) All human souls come into rebirth.

Look, all those who come to establish a religion take rebirth and come to sustain their religion. They themselves are not free and they do not free others. If they were to continue to free everyone, then only those who are not free would remain on earth. However, it cannot be that sinful souls remain and charitable souls depart. For instance, sannyasis are viceless and if they were to become free, there would only be sinful souls remaining. You would not then be able to see any expansion of the sannyasis and the world could not continue in that way. Charitable souls support the world with their power of vicelessness and so the world continues. Otherwise, the world would be burnt in the fire of lust. It is not the law for any soul to claim the status of liberation and leave mid-way through the cycle. Similarly, not a single leaf can merge into the Seed; the tree has to grow and reach the state of total decay; then the new tree will emerge. Therefore, all those who come to establish a religion definitely sustain it, but only when the One whose support we have taken destroys the innumerable irreligions can the one religion then be established. This One carries out the three acts of establishment, destruction and sustenance, whereas the fathers of religions only carry out their establishment; they do not carry out their destruction. It is in God's hands to inspire the task of destruction and this is why He is called Trimurti. Achcha.
