

**Essence:** Sweet children, only on the path of knowledge do you have the company of the Truth. You are now sitting in the company of the true Father. To stay in remembrance of the Father means to be in the company of the Truth.

**Question:** Why do you children now need the company of the Truth?

**Answer:** Because it is only by staying in the company of the true Father, the true Teacher and the Satguru that you tamopradhan souls become satopradhan, that is, you can change from ugly to beautiful. Without the company of the Truth, weak souls cannot become strong. With the company of the Father, souls receive the power of purity and their boats go across for 21 births.

Om shanti. You children are sitting in the company of the Truth. Only at the confluence of every cycle do you children sit in this gathering of the Truth. The world does not know what the gathering of the Truth is. The term "satsang" (company of the Truth) has continued from time immemorial. People on the path of devotion say: We go to such-and-such a satsang. In fact, no one on the path of devotion goes to a real satsang. Satsangs can only take place on the path of knowledge. You are now sitting in the company of the Truth. You souls are sitting in the company of the true Father. Nowhere else do souls sit in the company of the Supreme Father, the Supreme Soul. None of them even knows the Father. Although they say that they go to a satsang, they remain body conscious. You do not become body conscious. You understand that you are souls and that you are now sitting in the company of Baba who is the Truth. No other human beings are able to sit in the company of the Truth. The term "Company of the Truth" only exists now. The Father sits here and explains the accurate meaning of "The Company of the Truth". You souls are now sitting with the Supreme Father, the Supreme Soul, who is the Truth. He is the true Father, the true *Teacher* and the true Guru. This means that you are sitting in the company of the Truth. Then, no matter whether you sit here or at home, you consider yourselves to be souls and you remember the Father. We souls are remembering our true Father, that is, we are in the company of the Truth. The Father is sitting in Madhuban. You are given many methods with which you can remember the Father. Only by having remembrance can your sins be absolved. You children also know that you become 16 celestial degrees full and that, as you then come down the ladder, your degrees decrease. Devotion is at first unadulterated. Then, as you come down the ladder, because devotion becomes adulterated, you become tamopradhan. Therefore, the company of the Truth is definitely needed. Otherwise, how could you become pure? You souls have now received the company of the true Father. You souls know that you have to remember Baba and keep His company. Remembrance is also called company. This is the company of the Truth. Whilst you have those bodies, you souls have to remember Me. This is the company of the Truth. It is said that someone has been coloured by the company of an important person and that is why he has become body conscious. You now have the company of the true Father and, through this, you will become satopradhan from tamopradhan. The Father says: I only come once. Now, because you souls have the company of the Supreme Soul, you are able to go across for 21 births. Later, you keep the company of bodies. This too is predestined in the *drama*. The Father says: When you children keep My company you become satopradhan. This is also called becoming *golden aged*. Sages and holy men etc. think that souls are immune to the effect of action. They think that everyone is the Supreme Soul. This would mean that there is alloy in the Supreme Soul. There can be no alloy mixed in the Supreme Soul. The Father asks: Is there really alloy mixed in Me? No; I always reside in the supreme abode because I do not enter the cycle of birth and death. You children know this. Amongst you too, some remain in My company a lot and others less. Some of you make very good efforts to remain in yoga. The more you souls stay in the Father's company, the more you will benefit; your sins will be absolved. The Father says: O souls, remember Me, your Father. Stay in My company. I have to take the support of this body. Otherwise, how would the Supreme Soul speak to you souls? How would you souls hear Him? You children now have the company of the Truth. You constantly have to remember the true Father. You souls have to stay in the company of the Truth. Souls are *wonderful* and the Supreme Soul is *wonderful*. This world is also *wonderful*. It is a *wonder* how this world cycle continues to turn. You play *all-round parts* throughout the *drama*. You souls have *parts* of 84 births recorded within you. It is a *wonder*! There are the golden-aged souls and the souls of today. Out of all souls, you have the most *all-round parts*. In a play, the *parts* of some start at the very beginning, others play *parts* in the middle and some come at the very end. All of those *dramas* are limited. They only began to be made recently. There is now the force of *science*. In the golden age there will be so much power of science. The new world is created very quickly. There, the power of purity is the main one. Souls are now weak. There, they are powerful. Lakshmi and Narayan are powerful. Ravan snatched your power away. You are now conquering

Ravan and becoming very powerful. The more you souls stay in the company of the Truth, that is, the more you souls remember the Father, the more powerful you will become. You receive power through this study. You receive power and you then rule the whole world. Only at this confluence do you souls have yoga with the Truth. The Father says: By staying in My company, you souls become very powerful. The Father is the *World Almighty Authority*. You receive strength from Him. You receive all the knowledge of the Vedas and scriptures and of the beginning, the middle and the end of the world. Just as the Father is the *Almighty*, so you too become *almighty*; you rule the world. No one can snatch that away from you. You receive so much power from Me. This one receives power too. The more you remember the Father, the more power you will receive. The Father doesn't give you any other difficulty. Simply remember Him; that's all! Now that the cycle of 84 births is over, you have to return home. It is not a big thing to understand this. There is no need to go into too much detail. By understanding the Seed, you can understand how the whole tree emerges from it. It is in your intellects in a *nutshell*. These matters are unique. People stumble along so much on the path of devotion. They make a great deal of effort, yet they do not receive anything. The Father comes and makes you into the masters of the world. You become the masters of the world through the power of yoga. This is the effort you have to make. The yoga of Bharat is famous. Through yoga, your lifespan becomes very long. You receive so much benefit by staying in the company of the Truth. Your lifespan becomes long and your bodies become free from disease. Only you children have all of these things instilled in your intellects. No one, but you Brahmins, has the company of the Truth. You are the children of Prajapita Brahma and you are the grandchildren of the Grandfather. Therefore, you should have so much happiness knowing that you are His grandchildren. You receive your inheritance from the Grandfather. This is the pilgrimage of remembrance. You should use your intellects to churn these things. In those satsangs, people just gather together somewhere; there is no question of that here. It isn't only when you are sitting in one place that there can be the company of the Truth. No; you remember Him as you walk, move and sit, that is, you are in the company of the Truth, but only if you are in remembrance of Him. If you are not in remembrance, it means you are body conscious. Bodies are false. Bodies are not true. Bodies are non-living; they are made of the five elements. When they have no soul within them, they do not move. There is no *value* for human bodies. There is some *value* for the bodies of other beings. It is souls that claim all the fortune. A soul says, "I am so-and-so." The Father says: Look at what souls have become! They eat eggs, fish, everything. They are all Bhasmasur (the devil that burnt himself to death). They burn themselves. How? Each one is sitting on the pyre of lust and burning himself and so they are Bhasmasur. You are now sitting on the pyre of knowledge and becoming deities. Everyone in the whole world has been burnt by sitting on the pyre of lust. Souls have become tamopradhan and ugly. The Father comes to change you children from ugly to beautiful. Therefore, the Father says: Children, renounce body consciousness and consider yourselves to be souls. Children study at *school*, and they then keep the things they have studied in their intellects whilst they are at home. This too should remain in your intellects. This is your *student life*. Your *aim* and *objective* is standing in front of you. Keep this *knowledge* in your intellects whilst sitting, walking and moving around. You children come here to be *refreshed*. You are also given methods with which you can explain to others. In the world outside, there are countless satsangs. So many people gather together. In fact, that is not the company of the Truth. It is you children who now receive the company of the Truth. Only the Father comes and establishes the golden age and you become the masters of that. It was by having body consciousness, that is, a false consciousness that you fell. By having the company of the Truth you ascend. You experience that reward for half a cycle. It isn't that you have the company of the Truth there too; no. The company of the Truth and the company of falsehood are mentioned when both exist at the same time. The true Father explains everything when He comes. Until the true Father comes, no one is able to understand anything. The Father now says to you children: O souls, keep My company. Go beyond the company of bodies. Even though there is the company of bodies in the golden age, you are still pure. You now become pure from impure by keeping the company of the Truth and you then receive satopradhan bodies. You souls will also become satopradhan. At the moment the world is tamopradhan. The world becomes new and then old. The original eternal deity religion definitely existed in the new world. Today, that religion has disappeared and they call themselves the original eternal Hindu religion; they have become confused. You people of Bharat now understand that you belonged to the ancient deity religion. You were the masters of the golden age, but where is that intoxication? They have written that the duration of each cycle is very long; they have forgotten everything. This is called the game of a maze. By studying all the *knowledge* that the true Father gives you now, you claim a high status. Then, after half a

cycle, you fall again because Ravan's kingdom begins again; the world becomes old. You understand that you were the masters of the new world. You are now in the old world. Some of you don't even remember this much. Baba is making you into the residents of heaven. For half a cycle you remain residents of heaven and then, after half a cycle you fall because the kingdom of Ravan begins. The world will become old. You understand that Baba is making you into residents of heaven. You remain residents of heaven for half a cycle and you then become residents of hell. You also become *master almighty* authorities, numberwise, according to the efforts you make. You are given this *dose* of the nectar of knowledge. Shiv Baba has received old *organs*; He doesn't receive new *organs*, He receives an old harmonium. The Father only comes at the time of the stage of retirement. You children experience happiness; the Father also experiences happiness. The Father says: I come to give you children this *knowledge* and to liberate you from Ravan. This *part* is played in great happiness. The Father plays His *part* in great happiness. The Father has to come every cycle. This *part* never comes to an end. You children should have a lot of happiness. To the extent that you stay in the company of the Truth, you will accordingly have great happiness. When you have less remembrance, you don't have as much happiness either. The Father gives His property to you children. The Father has great love for the children who have honest hearts. The Lord is pleased with an honest heart. Those who are honest internally and externally and who remain busy doing *service* are very much loved by the Father. They are Baba's true helpers. Ask your own heart: Do I really do true *service*? Do I stay in the company of the true Baba? What state would you reach if you don't stay in the company of the true Baba? Continue to show the path to many others and you will claim a high status. Examine yourself and see what inheritance you will claim from the true Father. You know that it is numberwise. Some claim a big inheritance and others less. There is the difference of day and night. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

(Yes indeed), such elevated effort-making children mould themselves according to the time and service and become *real gold*.
