

Essence: Sweet children, this is the *most valuable* time for you. At this time, you become the Father's complete helpers. The children who become helpers claim a high status.

Question: What excuses can *serviceable* children not make?

Answer: You *serviceable* children can never make the excuse: Baba, it is cold here, or, it is hot here and therefore I cannot do *service* here. Do not become delicate when it is a little hot or cold. It shouldn't be that you're unable to tolerate anything. In this land of sorrow you have to tolerate everything: happiness and sorrow, heat and cold, praise and defamation. Don't make excuses.

Song: Have patience o mind! Your days of happiness are about to come.

Om shanti. Only you children know what happiness and sorrow are. Only you Brahmins know, numberwise, according to the effort you make, about when you receive happiness and when you receive sorrow in this life. This is now the world of sorrow. You have to tolerate happiness and sorrow, praise and defamation, everything, for just a short *time* longer. You have to go beyond all of that. When some feel a little hot, they say: I want to go where it is cooler. Now, whether it's hot or cold you children now have to do *service*. This little discomfort at present is nothing new. This is the land of sorrow. In order to go to the land of happiness, you children now have to make full effort. This is your *most valuable* time. Excuses cannot be made. The Father is speaking to the *serviceable* children. Those who don't know how to do *service* are of no use at all. The Father has come here to make not just Bharat but the whole world into the land of happiness. So, you Brahmin children have to become the Father's helpers. The Father has come, and you must therefore follow His directions. Bharat, that used to be heaven, is now hell. It has to be made into heaven again. You now know this too. The golden age is the kingdom of pure kings. They were happy. Later on, they become impure kings. By donating in the name of God they also receive strength. At present, it is government by the people. None of them can serve Bharat. Only the one unlimited Father serves Bharat and the whole world. The Father now says to the children: Sweet children, now become My helpers. He explains with so much love. The children who are soul conscious understand Him. How could body-conscious children help Him? They are trapped in the chains of Maya. The Father has now given you the *direction* to liberate everyone from the chains of Maya, from the chains of the gurus. This is your business. The Father says: Those who help Me well will claim a good status. The Father Himself personally says: Because I am ordinary, no one knows Me accurately as I am or what I am. The Father makes us into the masters of the world. They don't know this. No one knows that Lakshmi and Narayan were the masters of the world. You now understand how they gained that kingdom and how they then lost it. The intellects of people are totally degraded. The Father has now come to open the lock on everyone's intellect, to change everyone's intellect from stone to diamond. Baba says: Now become My helpers. People speak of God's helpers, but they themselves don't become God's helpers. God tells whomever He makes pure to make others pure like themselves. Follow shrimat! The Father has come to make you into pure residents of heaven. You Brahmin children know that this is the land of death. Suddenly, just whilst sitting somewhere, people die. Therefore, before that happens, why should we not make effort to claim the full inheritance from the Father and make our future? When people reach their age of retirement, they believe that they should become occupied in devotion. Until the time they reach their stage of retirement, they earn a lot of money etc. It is now the stage of retirement of all of you. Therefore, why should you not become a helper of the Father? Ask your heart whether you have become a helper of the Father. *Serviceable* children are very well known; they make very good effort. By staying in yoga, you are able to do *service*. You have to purify the whole world with the power of remembrance. You have become the instruments to purify the whole world. A pure world is definitely needed for you. Therefore, the old world is to be destroyed. Now tell everyone: Renounce body consciousness! Only remember the one Father! He alone is the Purifier. Everyone remembers Him. Sages and holy men etc. signal upwards with a finger saying that there is only one Supreme Soul, and that He alone bestows happiness on everyone. Although people speak of God or the Supreme Soul, none of them knows Him. Some continue to remember Ganesh (elephant god), some Hanuman (monkey god) and some their own guru. You now know that all of that belongs to the path of devotion. The path of devotion continues for half the cycle. The great rishis and munis have all been saying, "Neti, neti (Neither this, nor that). We neither know the Creator nor the creation." The Father says: They are not trikaldarshi (seers of the three aspects of time). Only the One is the Seed, the Ocean of Knowledge. He comes into Bharat. People celebrate Shiv Jayanti (the birth of Shiva) and also Gita Jayanti (the birth of the Gita). They remember Krishna, but they don't know Shiva. Shiv Baba says: Only I am the Ocean of Knowledge, the Purifier. No one would say this about Krishna. A

very good picture is, "Who is the God of the Gita?" The Father has all of these pictures created for the benefit of all the children. Write the *complete* praise of Shiv Baba. Everything depends on this. Everyone who comes down from up above is pure. No one can return home without becoming pure. The main thing is to become pure. That is the pure land, where all souls reside. Whilst playing your *parts* here, you have become impure. Those who were the most pure have become impure. All name and trace of the deity religion has disappeared. The name of the deity religion was changed to the Hindu religion. Only you claim the kingdom of heaven and then lose it. This is a play about defeat and victory. Those who are defeated by Maya are defeated by everything, and those who overcome Maya win everything. People spend so much money on creating a huge effigy of Ravan. Then they destroy it in one day. He is the enemy, is he not? That is like playing with dolls. They also create an image of Shiv Baba. They worship it and then break it up. In the same way, they create images of the deities and then sink them. They don't understand anything. You children now know the unlimited *history* and *geography* and how this world cycle turns. No one else knows about the golden and silver ages. The idols they have created of the deities are defamatory. The Father explains: Sweet children, in order to become the masters of the world, you must follow the precautions that the Father gives you. Prepare food in a state of remembrance. Eat it in remembrance. The Father Himself says: Remember Me and you will once again become the masters of the world. The Father has also come once again. You must now become complete masters of the world. *Follow* the *mother* and *father*; it cannot be just the *father*. Sannyasis say that all of them are the *Father*. They do this by saying that each soul is the Supreme Soul. That is *wrong*. Both the *mother* and *father* here are making effort. The saying, "*Follow* the *mother* and *father*", refers to here. You now know that those who were the masters of the world were pure and that they are now impure. They are becoming pure once again. We are also following His *shrimat* and attaining that status. He is giving *directions* through this one. We have to *follow* them. Some of you don't *follow* them but simply sweeten your mouths by saying, "Baba, Baba". Only those who *follow* His directions are called worthy children. You know that by *following* Mama and Baba you will enter the kingdom. This is a matter of understanding. The Father simply says: Remember Me and your sins will be destroyed. That's it! Simply explain to others how they became impure whilst taking 84 births, and that they now have to become pure again. The more you stay in remembrance, the purer you will become. Those who stay in remembrance a great deal will go to the new world first. You also have to make others similar to yourselves. Mama and Baba cannot go to explain at the exhibitions. When an important visitor comes from abroad, so many people gather to see who has come. This One is so incognito. The Father says: I speak through the body of Brahma. I am *responsible* for this child. You must always consider it to be Shiv Baba who is speaking and teaching you. You have to see only Shiv Baba, not this one. Consider yourself to be a soul and remember the Father, the Supreme Soul. I am a soul. A soul has an entire *part* within him. Turn this *knowledge* around in your intellects. If you only have worldly things in your intellects, it means you have not understood anything. They are totally degraded. However, even such people still have to be benefited. They will go to heaven but they won't claim a high status. They will experience punishment and then return home. The Father has explained how you can claim a high status. First, become those who spin the discus of self-realisation and also make others do that. Become firm yogis and also make others that. The Father says: Remember Me! You then say: Baba, we forget. Aren't you ashamed? There are many who don't speak the truth. Many forget. The Father has explained: Give anyone who comes the Father's introduction. The cycle of 84 births is now ending and we have to return home. It is said, "When Rama went, Ravan also went." The meaning of this is so simple! It must definitely also be at this confluence age that there are the families of both Rama and Ravan. You also know that everyone is to be destroyed and that only a very few will remain. As you continue to move along, you will come to know how you are to receive your kingdom. You would not be told everything at the start, would you? It wouldn't be a play otherwise. You have to watch it as a detached observer. You will continue to have visions. No one else in the world knows the cycle of 84 births. You children now have it in your intellects that you are to return home. You are now taking leave from the kingdom of Ravan. You will then go into your own kingdom. Very few days remain. This cycle continues to turn. You have been around this cycle many times. The Father now says: Forget all the karmic bondages in which you have been trapped. Whilst living at home with your family, continue to forget them. This play is now coming to an end. We now have to return home. Only after the Mahabharat War do the *gates* to heaven open. This is why Baba said: The name "*Gateway to Heaven*" is very good. Some say that these wars have always existed. Ask them: When did the war with missiles take place? This war of missiles is the last one. This sacrificial fire was also

created when this war took place 5000 years ago. This old world is now to be destroyed. The new kingdom is being established. You are studying this spiritual study in order to claim your kingdom. Your business is spiritual business. Physical knowledge is not going to be of any use to you. Even the scriptures will be of no use to you. Therefore, why not engage yourself in this business? The Father is making you into the masters of the world. Think about which study you should engage yourself in. Those people study just to obtain a *degree*, whereas you study for a kingdom. There is the difference of day and night. In those studies you don't know whether you will even receive a few peanuts or not. When someone leaves his body, he also leaves the peanuts behind. This study will go with you. Death is standing over your heads. Therefore, before that happens, you should earn a full income. Whilst you continue to earn this income the world will be destroyed. When your study finishes, destruction will take place. You know that all human beings only have a few peanuts in their fists. They are holding on to them like monkeys. You are now claiming jewels. Renounce your attachment to those few peanuts. When they understand everything clearly, they will let go of the handful of peanuts. Everything here is to turn to dust. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. You have to study and teach this spiritual study. Fill your hands with the imperishable jewels of knowledge. Do not waste time chasing after peanuts.
2. The play is now coming to an end. Therefore, liberate yourself from your karmic bondages. Spin the discus of self-realisation and enable others to do the same. *Follow the mother and father* and claim a right to a royal status.

Blessing:

May you renounce all limited desires and become a true image of tapasya. Renounce all limited desires and become a true image of tapasya. An image of tapasya means to be one who is ignorant of even the knowledge of desire. Those who have a thought of receiving something only receive it for a short time, but they lose out for all time. The desires of a temporary period become an obstacle to our becoming a tapaswi. Therefore, now give the proof of your being an image of tapasya, that is, renounce receiving limited respect or honour and become a bestower of fortune. When your sanskars of a bestower of fortune emerge, all other sanskars will automatically die down.

Slogan:

To have a subtle desire for the fruit of action is like eating fruit before it is ripe.
