

Essence: Sweetest, serviceable children, don't perform such actions that they would cause obstacles in service.

Question: At the confluence age, you children have to become completely accurate. Which children can become accurate?

Answer: 1. The children who remain constantly honest with the true Father can become accurate. It should not be that you are one thing internally and something else externally. 2. Those who don't involve themselves in anything other than Shiv Baba. 3. Those who follow shrimat at every step and don't make any mistakes can become accurate.

Song: Don't forget the days of your childhood!

Om shanti. You sweetest, spiritual children heard a few words of the song. You have the faith that the unlimited Father is now giving you your inheritance of unlimited happiness. You have come and become the children of such a Father and so you have to follow the Father's shrimat. What would happen otherwise? One moment, you are laughing and you say that you will become emperors and empresses but, if you let go of His hand, you then become ordinary subjects. You will definitely go to heaven. It isn't that everyone goes to heaven; only those who are to go to the golden and silver ages will go. The golden and silver ages together are called heaven. However, those who go into the new world at the beginning experience a lot of happiness, whereas those who are to go later will not take any knowledge. Those who take knowledge will go to the golden and silver ages. Everyone else will go in the kingdom of Ravan; they experience a little happiness. In the golden and silver ages, there is a lot of happiness. This is why you should make effort to claim your inheritance of unlimited happiness from the Father. Write about this very good news. Write on the cards you print: This is the good news from the highest-on-high unlimited Father. You show in the exhibitions how the new world is being established. Write this very clearly in large letters: The unlimited Father, the Ocean of Knowledge, the Purifier, the Bestower of Salvation, the God of the Gita, Shiva, is once again changing the iron-aged, completely vicious, corrupt, impure world into the golden-aged, completely viceless, pure and elevated world through the Brahma Kumars and Kumaris. Come and hear and understand this good news. You have also said to the Government: Come and understand how we are once again establishing the elevated, golden-aged deity kingdom of 100% purity, peace and happiness and how this vicious world is going to be destroyed. Write it clearly in this way. Write on the cards in such a way that people can understand it very clearly. Come and understand how the Prajapita Brahma Kumars and Kumaris are making Bharat so elevated and pure, according to the drama plan, exactly as they did in the previous cycle, by following the directions of the Supreme Father, the Supreme Soul, Shiva, through easy Raja Yoga and the power of purity with their bodies, minds and wealth. Print this clearly on the cards so that anyone can understand that you BKs are establishing the kingdom of Rama by following the directions of Shiv Baba. This was Gandhiji's desire. Print this full invitation in the newspapers too. Definitely explain that the Prajapita Brahma Kumars and Kumaris are doing this with their own bodies, minds and money so that people never think that you are begging for alms or donations etc. Everyone in the world outside moves along on the basis of the donations they are given. Here, you say that we BKs are doing everything with our own bodies, minds and money. We receive our own kingdom and so we would pay our expenses. Those who make effort receive the inheritance for 21 births. It is the residents of the land of Bharat who become elevated and double crowned. Lakshmi and Narayan are double crowned. At present, there is no crown. This has to be explained very clearly. The Father says: Write like this so that the poor people can understand what the BKs are doing. When influential people speak about it, the poor will also be heard. Otherwise, no one listens to the poor. The wealthy are very quickly heard. You prove to them that you are especially making Bharat into heaven and that everyone else will be sent to the land of peace. Explain in this way: Bharat was heaven like that 5000 years ago. It is now the iron age, whereas that was the golden age. Tell us: How many people are there in the golden age? It is now the end of the iron age. This is the same great Mahabharat War. At no other time does such a war take place. The third world war happened at the end. They keep on trying. They keep making atomic bombs. They don't listen to anyone. They say to their opponents: If you dispose of all the bombs you have already made in the sea, we will not make any more bombs. How can it be that you keep bombs and we don't make them? However, you children understand that this is the way destiny is created. No matter how many directions you give them, they will not understand. If destruction did not take place, how would you rule the kingdom? You children have faith. Those with doubtful intellects leave Baba and become traitors. After belonging to the Father, do not become a traitor. You have to remember Shiv Baba; there is no benefit in anything else. Be honest with the

true Father. If, you are one thing internally and you are something else externally, your status will become degraded. You will cause yourself a loss. You will not be able to attain a high status cycle after cycle. That is why you have to be very accurate at this time. Don't be careless. Follow shrimat as much as you can. Constant remembrance will be possible at the end. No one, apart from the Father, should be remembered. It is remembered that if someone remembers a woman at the end.... You would remember someone for whom you have attachment. The more progress you make, the closer you come, the more visions you will continue to receive. Baba will show each of you the type of actions you performed. In the early days, too, you had visions. Those who experienced punishment cried a lot. In order to demonstrate to you, those souls' sins were cut one hundred-fold. That is why you mustn't perform such actions that they would create obstacles to Baba's service. At the end, you will have visions of everything and how you created many obstacles to Baba's service in such a way that they caused a great loss. That is the devilish community. Those who create obstacles experience a lot of punishment. Shiv Baba's court is very big. Dharamraj, His right hand, is also here. Other punishment is limited. Here, there is a loss incurred for 21 births and the status is destroyed. The Father continues to explain everything so that none of you can say that you weren't aware of something. Therefore, Baba continues to caution you about everything. He sees how many have run away from every centre. They become vicious and cause trouble. One has to study properly at school. What status would you claim otherwise? There is a lot of difference in status. Just as in this land of sorrow, one person is a president, one is a wealthy person and another is poor, so, in the golden age too, status will be numberwise. Royal, wise children will try to claim their full inheritance from the Father. There is boxing with Maya. Maya is very powerful and there continues to be victory and defeat. So many come and then leave and become traitors. While moving along, they fail. Many ask how this is possible. They have never heard that it is possible to remain pure while living at home and with your family. Oh! But, the versions of God say: Lust is the greatest enemy! This is also sung in the Gita. You know that in the golden age, there are those with divine virtues, whereas in the iron age there are those with devilish traits. Those with devilish traits praise those with divine virtues. There is so much difference! You now understand what you were and what you are becoming. You have to imbibe all the virtues here. Even your food and drink etc. has to be completely pure. Just see what they offer to deities! Just go to the Shrinath Temple and see how they prepare such rich food with so much cleanliness. There are Vaishnavs there, but look what they offer at the Jagadnath Temple! Rice. There, they have very dirty idols of the path of sin. When it was their kingdom, there were 36 varieties of food. They prepare a lot of food at the Shrinath Temple. Puri (Jagadnath) is different from Shrinath. At the temple in Puri they have dirty idols of people in deity costumes. Therefore, the bhog offered there is of rice with no clarified butter in it. This shows the difference between what Bharat was and what it has become. Look at its condition now! There isn't even enough grain! There is the difference of day and night between their plan and Shiv Baba's plan. All of their plans will turn to dust. There will be natural calamities: there won't be any grain etc. In some places they have too much rain, whereas in other places there is no rain at all. This causes so much damage. At this time even the elements are tamopradhan and so there is rainfall at odd times. Even the storms are tamopradhan; the heat of the sun will also be so hot, don't even ask. These natural calamities are fixed in the drama. Their intellects have no love at the time of destruction. Your intellects are loving to the Father. On the path of ignorance, parents love their worthy children. This is why Baba says: Love and remembrances, numberwise, according to the effort you make! The more service you do.... You do have to do service. Service has to be done of Bharat in particular and the world in general. Bharat has to be made into heaven. Everyone else has to be sent back to the land of peace. Bharat receives the inheritance of heaven and all the rest receive the inheritance of liberation. Everyone will go back. After the cries of distress, there will be cries of victory. There will be so much distress everywhere. This is a play about bloodshed without cause. There will also be natural calamities. Everyone has to die. The Father explains to the children: Make full effort. Remain constantly obedient and faithful to the Father! You have to become serviceable. Visions will continue to be granted of those who did such service in the previous cycle. You will continue to see everything as detached observers. You have become spinners of the discus of self-realisation. The discus of self-realisation should constantly be spinning in your intellects. We have taken 84 births in this way. We are now to return home. There should be remembrance of the Father and the home. The golden age should also be remembered. Just use your intellects to think about all of this throughout the whole day. We are now to become great princes of the world. We will become Shri Lakshmi or Shri Narayan. There should be this intoxication. Baba has this intoxication. Baba looks at this picture (of Lakshmi and Narayan) every day. Internally, he has this

intoxication: Tomorrow I will go and become Shri Krishna. Then, after marriage, he will become Shri Narayan. **The same applies to you.** You will also become that, will you not? **This is Raja Yoga;** it is not yoga for becoming subjects (praja yoga). You souls are receiving your fortune of the kingdom once again. You children lost your kingdom. You are now reclaiming your kingdom once again. Baba has had **these pictures** etc. made so that you children can experience happiness when you look at them. We are attaining our fortune of the kingdom of heaven for 21 births. It is so easy! **Shiv Baba teaches us Raja Yoga through this Prajapita Brahma.** We will then go and become that. As soon as you see the picture, the mercury of happiness rises. **By staying in remembrance of the Father, we will become the princes of the world. There should be so much happiness.** I am studying and you are also studying. After this study, we will go and become that. **Everything depends on how much you study: the more you study, the more income you will earn.** Baba has told you that some *surgeons* are so clever that they can earn hundreds of thousands of rupees on one *case*. It is the same with *barristers*: **some** earn a lot, whereas **others** wear a torn *coat*. It is the same here. This is why Baba repeatedly says: **Children, don't be careless about anything. Constantly follow shrimat!** You are made elevated by doubly elevated Shiv Baba. You children have received the inheritance from the Father many times and then lost it many times. You receive the inheritance for 21 births which lasts for half the cycle. You receive happiness for half the cycle, 2500 years. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Remain honest inside and out. Never become careless about how you study. Never have a doubtful intellect and stop studying. Don't become an obstacle in *service*.
2. Tell everyone the good news that we are serving Bharat to make it elevated and *double-crowned* by following shrimat and helping with our own bodies, minds and money for 21 births with the power of purity.

Blessing: May you *stop* your thoughts in a *second* and make your *foundation* strong and thereby *pass with honours*.

A paper comes to make you mature and to make your *foundation* strong, so do not be afraid of it. If there is some external upheaval, practise putting a *stop* to your thoughts in a *second*. No matter how much expansion there is, merge it in a *second*. No matter whether there is hunger or thirst, heat or cold, let your sanskars not emerge; use the power to pack up to *stop* them. This practice over a long time will make you *pass with honours*.
