

16/12/2000 Avyakt BapDada 16/12/2000

Become an angelic karma yogi exactly like (sakshat) Father Brahma and the part of visions (sakshatkar) will begin.

Today, BapDada, the Creator of the Brahmin world, is pleased to see His Brahmin world. It is such a small and lovely world. The star of fortune is sparkling on the forehead of every Brahmin.

Although you are numberwise, each of you stars has the sparkle of the elevated fortune of recognising God and of belonging to Him. The Father for whom the rishis, munis and tapaswis said “neti, neti” (We do not know, we do not know) has been recognised and attained by you innocent souls of the Brahmin world. Which souls attain this fortune? The ordinary souls. The Father comes in an ordinary body and so it is the ordinary children who recognise Him. Look at this gathering today! Who is sitting here? Are there any multimillionaires or billionaires sitting here? It is the ordinary souls who are remembered. The Father is remembered as the Lord of the Poor. He isn't remembered as the Lord of Multimillionaires or Billionaires. Can the Intellect of the Wise not transform the intellect of multimillionaires and billionaires? That is not a big thing! However, a very good benevolent law is created within the drama. That the task of God will be accomplished by creating a lake, drop by drop. The future of many souls has to be created. It isn't just 10 to 20 souls who have to use everything of theirs in a worthwhile way, but it is many souls who have to use everything they have in a worthwhile way. This is why it is remembered that a lake is created, drop by drop. To the extent that all of you continue to use your body, mind and wealth in a worthwhile way, accordingly, you all become stars of success. Have all of you become stars of success? Have you become this or do you still have to become this? Are you still thinking about this? Don't think! To think “I will do it! I will see about it! I have to do it anyway”, is to waste your time. It means to waste your future and your present attainment.

Sometimes, the weak thoughts of some children reach BapDada. Those outside in the world are poor helpless people, but Brahmin souls are not poor or helpless; they have great ideas and are sensible. However, sometimes, some children have weak thoughts. Should Baba tell you? Should Baba tell you about them? You are raising your hands. Very good! Sometimes, you wonder whether destruction is going to take place or not. The year 1999 finished. The year 2000 is almost at an end. Now, for how much longer? BapDada finds this thing amusing because to think about destruction means to bid farewell to the Father, for when destruction takes place, He will return to Paramdham. So, have you become tired of the confluence age? You say that this age is as valuable as a diamond and yet you remember the golden age more! It has to happen, but why are you waiting? Some children do think that they want to use everything they have in a worthwhile way. However, they also think that if destruction were to take place tomorrow or the day after, then nothing of theirs would have been used in a worthwhile way! You think “Nothing of mine would have been used for

service!” “Let me do it after thinking about it! Let me work it out first! Let me do a little at a time!” All these thoughts are reaching Baba. However, if, for instance, you surrender your body for service today; you keep your mind constantly busy in spreading vibrations for world transformation, and whatever wealth you have – in comparison to the attainments you have, that is nothing – but whatever wealth you have, if you use that today, and destruction takes place tomorrow, then would everything of yours have been used in a worthwhile way or would it have gone to waste? Think about it! It wouldn't have been used for service, so would it have been used in a worthwhile way? For whom do you use it in a worthwhile way? You use it in a worthwhile way for BapDada, do you not? So, BapDada is eternal, He never perishes. If you have accumulated something in the imperishable account with BapDada today, or even just an hour ago, then you have accumulated with the imperishable Father in the imperishable account and received multimillion-fold return for one. The Father is bound to give you the return of multimillion-fold for one; He is not going to go away. It is the old world that will be destroyed, is it not? So, you would have done this from your heart. You don't receive the full return of anything you do out of compulsion or in competition with others. You definitely do receive something because you give it to the Bestower, but you don't receive the full return. Therefore, don't think that destruction is not visible anywhere near 2001, that programmes are still being made and that buildings are still being constructed, that many big plans are being made and that nothing is visible till at least 2001! It will never be visible. Never become careless by taking the support of these things. It will happen suddenly. Today, you are sitting here and it can happen in an hour's time. It isn't going to happen! You become afraid because of not knowing what is going to happen in an hour's time. It is possible! You have to remain ever-ready to this extent. Don't think that you have until Shiv Ratri. Don't wait for time. Time is your creation. You are master creators. A creator is not dependent on his creation. Time, your creation, is going to follow your orders. You mustn't wait for time, but time is now waiting for you. Some children think that BapDada has spoken of 6 months, and so there must definitely be 6 months, that there has to be that! However, BapDada says: Don't take support of limited things. Remain *ever-ready!* Remain free from any support! Liberation-in-life in one second! You challenge others to claim their inheritance of liberation-in-life in a second. So, can you not attain liberation-in-life in a second? Therefore, don't wait (interzaar) but make preparations (intezaam) to make yourself complete.

BapDada becomes amused on seeing the games of the children. On seeing which game does BapDada become amused? Should Baba tell you? Today, Baba is telling you news and not speaking a murli. Baba is just relating news. Even now, many children still like playing with toys. To play with the toys of trivial situations and to adopt trivial matters is to waste time. Those are *side-scenes*. To come to a stop means to think about them, to become influenced, to waste time, to listen to and relate with interest, to create an atmosphere. All of that means to come to a stand-still. By doing that, you become distant from the destination of perfection. You make a lot of effort, you desire very much to become equal to the Father. You have this pure thought and pure desire. However, although you make effort, obstructions come. You have two ears, two eyes and a mouth and so you see everything, you hear everything and you even speak about everything. However, you should constantly remember a very old slogan of the Father's. “See but don't see! Hear but don't hear!”

Don't think anything when you hear something! When you hear something, merge it within yourself! Don't spread it! It is essential to remember this old slogan because, day by day, just as everyone's accounts of the old body are being settled, so too, the old sanskars and old illnesses will

emerge and finish. Therefore, don't become afraid because of not knowing what is happening or thinking that things that were not there before are now increasing. Things that didn't exist previously are emerging and they will emerge. This is a test paper of your powers to accommodate, to tolerate, to pack up and to decide. Would you have the same test papers now as you did 10 years ago? Would those in the M.A. class get the question paper of those studying for the B.A? Therefore, don't become afraid and think "What is happening? This is happening and that is happening!"

Simply observe the game. At least *pass* the test paper! *Pass with honours!*

BapDada has also told you earlier, that the easiest way to *pass* is to remain close (*paas*) to BapDada. Let whatever scenes that are of no use to you just *pass* by. Simply remain close! Let them *pass* by and *pass*! Is this difficult? Teachers, speak! Those of Madhuban, speak! Those from Madhuban, raise your hands! Those from Madhuban are clever; you come to the front! You may do so!

BapDada is also pleased. You are claiming your rights, are you not? It is good! BapDada is not displeased; you may sit at the front. You live in Madhuban, and so there should be some special favouritism for you to sit close. However, remember the word "*Pass*". Many new things happen in Madhuban. Even thieves come! Many new things happen! What could the Father speak now in *general* (public)? Baba keeps a few things incognito, but those from Madhuban know about them.

Entertain yourselves! Don't become confused! You either become confused or you pass whilst enjoying yourself, considering it to be entertainment. Is it good to become confused? Those from Madhuban, speak! Is it good to be confused or to pass and stay in pleasure? To *pass* is good, is it not? You want to *pass*, do you not? So, *pass*! What is difficult about that? This is not a difficult thing. It depends on your own intellect whether you make something big or small. Even on the path of ignorance it is remembered, when someone makes something big out of nothing. They say on the path of ignorance: This one makes a rope into a snake! In Sindhi, they say "Making a rope into a snake!" Don't play such games! Now stop these games!

Today, BapDada told you special news. Now, BapDada is going to tell you some easy effort; it is not difficult. All of you believe that you have to become equal to the Father. If you believe this, then clap with one hand (wave your hand). It is firm, is it not, that you want to become this!

Foreigners, you want to become this, do you not? *Teachers* – there are so many *teachers*! It is a wonder of the *teachers*. Today, BapDada heard good news about the teachers. What good news was that? Tell Baba! Teachers received a *golden medal* today. Those who received a *golden medal*, raise your hands! Those who received it now, stand up! Those who have already received a *golden medal*, stand up! The Pandavas haven't received it. The Father's equals should not be left out. Father Brahma's equals are the Pandavas; they have received a different type of *golden medal*. They have received a *royal golden medal*. The Pandavas have received a *royal golden medal*. To those who have received a *golden medal*, BapDada gives multimillion and billion times congratulations, congratulations, congratulations!

All of you who are listening to Baba in this land and abroad and who have received a *golden medal*, all of you should consider yourselves, whether you are Pandavas or Shaktis, to be receiving congratulations from BapDada. Sometimes, when some of you become instruments for a particular task, the Dadis give you a golden medal even if you live at home because of your speciality.

Therefore, whoever has received a golden medal because of a speciality, or because you have surrendered, or you have moved ahead in service and have received a golden medal from the Dadis, even to those who are listening to this whilst sitting at a distance, lots and lots of congratulations to you all. All of you, who are sitting far away and have received a golden medal, wave your hand.

Everyone can see you wave. They are also laughing and are very happy.

BapDada was telling you about easy effort. Now, the time will come suddenly. BapDada will not announce anything. Even an hour beforehand, Baba will not announce it. Baba will not announce it!

How would the numbers be created? If it doesn't happen suddenly, how could it be a test paper? The *final certificate*, the *certificate of passing with honours*, will take place suddenly. This is why a thought of the Dadis has reached Baba. You have this thought, do you not? Dadis now want

BapDada to turn the key of visions. They have this thought. Do you all also want this? Should BapDada turn the key or will all of you become instruments for this? Achcha, is it OK if BapDada turns the key? Even if BapDada says "Ha ji" (everyone started to clap) – first hear everything! How long would it take BapDada to turn the key? However, through whom would He do it? Through whom would He do this? Who has to be revealed? The children or the Father? The Father has to be revealed through the children because if someone were to have a vision of a point of light, then some poor helpless people – and they are helpless, are they not – would not understand what that is. At the end, the Father has to be revealed through the children, the Shaktis and Pandavas. Therefore, BapDada is saying: All of you children have the one thought of becoming equal to the Father. You don't have two thoughts about this, do you? You just have the one thought, do you not? You have already raised your hand for this. Therefore, *follow* Father Brahma! OK, so you will *automatically* become a bodiless point, however, all of you love Father Brahma, do you not? It has been seen that although everyone loves Father Brahma, the *foreigners* love him a lot more. The majority of *foreigners* have not seen Father Brahma with their physical eyes, but they have seen him with the eye of experience and they love him a great deal. There are also gopikas and gopes in Bharat.

Nevertheless, sometimes, BapDada hears the stories of the experiences of the *foreigners*. The people of Bharat keep themselves a little incognito, whereas they (foreigners) relate their stories of Brahma Baba, and so BapDada also hears them and relates them to others. Congratulations to the *foreigners*! London, America, Australia, Africa, Asia, Russia, Germany etc. In essence, BapDada is congratulating all the *foreigners* who are listening whilst sitting at a distance. Brahma Baba is especially congratulating you. The people of Bharat keep their stories a little incognito. They are not able to reveal them that much, they keep them incognito. Now, reveal them! Even in Bharat, there are many very good children. There are such gopikas that if the Prime Minister or President of today were to hear their experiences, they would have tears in their eyes. They do have such experiences! However, they keep them incognito. They don't reveal them enough, and they don't even have that many chances. Therefore, BapDada is seeing that all of you love Father Brahma.

What do you call yourselves because of this? Brahma Kumaris or Shiv Kumaris? You call yourselves Brahma Kumaris, do you not? So, you love Father Brahma, do you not? OK, you do have to make a little effort to become bodiless. However, in what form is Father Brahma now? In which form is he now? (In the angelic form.) To love Father Brahma means to love the angelic form. OK, perhaps you find it difficult to become a point, but it is easier to become an angel, is it not? Tell Baba if it is easier! The angelic form is easier than the point form, is it not? Whilst doing your *accounts*, can you become a point? You can become an angel, can you not? Whilst in the form of a point, you sometimes have to come into your corporeal body to act. However, BapDada has seen that scientists have invented a *robot* that works by electricity. You have heard about this, have you not? OK, you may not have seen it, but you have heard about it, have you not? Have all of you heard about it? Have you mothers heard about this? You will be shown a picture of this. A *robot* that does everything has been created that works by electricity,. It does everything very fast on the basis of electricity. It is the practical proof of science. Therefore, BapDada asks: Can you not perform actions with the power of *silence* and the light of silence? Can you not do this? There are engineers and scientists sitting here, are there not? Raise your hands! Stand up! You should also create the stage of a spiritual *robot* which can also be called a spiritual karma yogi. An angelic karma yogi! First, you have to become ready. You engineers and scientists have to experience this first. Will you do this? Can you do this? Achcha, make such plans! BapDada wants to see such mobile spiritual angelic karma yogis. Wake up at amrit vela, celebrate a meeting with BapDada, have a heart-to-heart conversation and take blessings from Baba. Do whatever you have to do! However, at amrit vela every morning, take from BapDada the blessing of being an angelic karma yogi and then engage yourself in your activities. Is this possible? Your department (accounts) is one that uses the head a great deal. Is this possible?

Those of Madhuban, raise your hands! Those who believe this, raise your hands! Raise your hands high! You have only raised them a little. The sisters of Madhuban raised their hands. The vibrations of Madhuban will spread everywhere. Become light and perform actions as karma yogis in your angelic form, whilst being double-light and with your body of light. When you speak it is in your angelic form. When you carry out activity it is in your angelic form. Only one who is concerned with something should hear it, no one else. Why is an atmosphere created?

BapDada has seen that an atmosphere is created over trivial matters because, whatever you speak about reaches the ears of those whom it does not concern. Even they begin to have waste thoughts. This is why an angel means one who speaks so that only those who are concerned should hear. Only speak as much as you need to! Don't create a long story as you speak. Don't make up stories! Stories are always *mixed* and long. Therefore, the *return* of Father Brahma's love is to become an angelic karma yogi like Father Brahma.

BapDada is asking you to prepare the land of your stage, then BapDada will definitely grant visions of children who are exactly like the Father. Remember two words: Exactly like the Father (*sakshat*) and visions (*sakshatkar*). That's all! You are angels! When you serve, come as angels from your stage of being up above! Give your message and then return up above! That is, return to your elevated consciousness.

Now, just as in some places, according to the time, they are thirsty for water, so too, souls are at present thirsty for pure, peaceful and joyful vibrations. You can spread those vibrations through your angelic form. An angel means someone who stays in an elevated stage. An angel means someone who has no connections with the old world and old sanskars. World transformation is now waiting for the transformation of the sanskars of all of you.

In this New Year, aim to transform your sanskars – your own sanskars – and also co-operate with others to transform theirs. If someone is weak, help that person. Don't speak about it or create an atmosphere, give co-operation. This year's topic is "Transformation of sanskars!" Sanskars like an angel's and sanskars of being equal to Father Brahma. So, is this effort easy or difficult? Is it a little difficult? Is it not difficult? Nothing is ever difficult, but your weaknesses make it difficult. This is why BapDada says: Hey master almighty authority children, now spread the atmosphere of the powers. The atmosphere now needs you very, very much. Nowadays, there is the problem of *pollution* in the world! In such a world, there is also a need for even a moment's atmosphere of peace and happiness in their minds, because there is a great deal of *pollution* in the mind, even more than air *pollution*! Achcha.

To everyone everywhere who has the aim of definitely becoming equal to the Father, to the souls who are victorious by having faith in the intellect, to the master almighty authority souls who have the determined thought to transform the old world and old sanskars, to the souls who constantly give co-operation to their companions who are weak due to any reason, circumstances, nature or sanskars, to the courageous souls who don't search for reasons but find a solution, to the angelic karma yogi souls who constantly give the return of Father Brahma's love, BapDada's love, remembrance and namaste.

It is Punjab's turn to serve. Those from Punjab love Father Brahma very well. It is good that you have also taken sustenance from Father Brahma. So, just as nowadays, programmes are being made for giving prizes, BapDada knows that just as some zones and centres have claimed the number one prize for the Culture of Peace, so too, Punjab should claim the number one prize in achieving the stage of being angelic karma yogis. Is this possible? Those from Punjab, raise your hands! Will you claim the first prize? Those from Punjab who are to take the first prize, wave your hands! Teachers of Punjab, wave your hands! You have been sitting for a long time, now do some drill! Stand up! The main Pandavas of Punjab, of the centres, stand up! Will you claim the first prize? Achcha, we shall see who claims the three prizes. BapDada will give the first, second and third prizes. When will He give the prize? (Dadi has said until May.) BapDada is asking Achalben (Sister in charge of Punjab zone). (We shall make complete effort for 6 months.) Teachers, tell Me, do you need 6 months? Those who want 6 months, raise your hands! Achcha, what do the rest of you want? 12 months? Do you want less time? OK, will BapDada take your *last paper* in March? Then, BapDada will give you the prize according to whether it is the final result or whether it is a *percentage*. Is this OK? The last turn is in March. (Now, the last turn is at Shiv Ratri.) Whether it is the end of February or March, it is the same thing. However, this doesn't mean that only those from Punjab have to be ready. Those from all the centres and all the zones have to be ready. It is possible that some might go ahead of Punjab and claim the number ahead first, and claim A1. This is why all the zones will be given a paper. Madhuban is also a zone. Don't think that Madhuban is not a zone!

First is Madhuban! Achcha.

BapDada speaking to Brother Jagdish: You are all right, are you not? (You know better!) It is good! Now, through natural methods, you are better. You have done a lot of service from the beginning. (I have just fulfilled my duty and created my fortune.) Even though now you can't do much through your body, souls who have been instruments for a particular service, and who have been instruments for inventions in that service, accumulate a share of the success of that service. For instance, since the exhibitions were invented, a quantity of souls have been receiving the message through that. Since the melas (fairs) have begun, that also has been service for a *quantity* of souls. Only few VIPs come, however since service in the form of *conferences* started, VIPs come because they are attracted to giving speeches and so are served. However, there are only a few of them. Now that service of the different wings is taking place, VIPs from many different wings come, and through that service, they become close and co-operative. Why? Firstly, there are 15 wings, and that is quite a lot! So, the 15 different wings are doing service. Different VIPs are invited and they also can stay for 2 or 3 days. Many come to the conferences, but the majority of the VIPs only stay for their lectures and then leave. Even then, the attraction and method for VIPs is *speeches*. So, whoever has created the various *inventions*, or who has been instrumental for them definitely does receive a *share* of that service. Therefore, you mustn't worry that you cannot do service. No, service is still taking place. Different souls have been instruments for different types of service. Rameshbhai has been an instrument for the exhibitions. Nirwairbhai has been an instrument for the picture of the ladder. All of you have been instruments for one or another type of service. Some become instruments for the conferences. And, the Dadis are included in everything. You are the instrument for the service of the wings. You also have the canopy of the Dadis. Yes, you have also served abroad. So, a great deal of effort is required to lay the *foundation*. Therefore, don't worry! Your *share* is being accumulated. You have a little worry. (My worry is that I have not revealed the

Father.) This will happen through the atmosphere. The time is waiting to open the curtains. Now, in this year, be in the angelic form and everyone everywhere will begin to have visions. They will see who it is that has come! Just as they saw Father Brahma in the early days, so too, together with Father Brahma, they will also see you Shaktis and Pandavas. They will search for you and wonder who you are and where you are! You are the first soul who emerged from the service in Delhi, and you began to serve from the moment you came. Do you remember the first book you wrote? You wrote it for the Kumbha Mela. Therefore, you started to serve as soon as you came, did you not?

This is why you will receive the fruit of that. So *dance!* Perform the Ganpati (Ganesh) *dance!*
(Jagdishbhai performed the Ganesh dance!).

It is good that you are an instrument for service and that you are drawing a long line of fortune. (A doctor of naturopathy came from Tanzania to treat Brother Jagdish.) It is good that you have received a golden chance to become an instrument. Do you experience this? It is good to give co-operation. To co-operate means to increase your account. Achcha.
