

# Master of treasure

- ✓ BapDada has made every child both a child and a master of all his treasures. He has given everyone all the treasures. It is not that he has given less or more to some, for it is a countless treasure, an unlimited treasure. This is why he has made every child a child and master of the unlimited. So, now check yourself. It is the unlimited Father: he is not the limited Father. He is the unlimited Father, and the treasures are also unlimited. So, do you have the unlimited? Do you have it all of the time, or does some of it sometimes get stolen or lost? Why is Baba drawing your attention to this? So that you don't become distressed... so that you are able to remain set on the seat of self-respect, and not become upset. You have experienced becoming upset for 63 births.
- ✓ When people have any physical treasures, the treasures do not use themselves up: it is human souls who use the treasures. They can use the treasures when they want, as much as they want, and as they want. In the same way, who

is the master of all the treasures you were just told about? Who is the master? Is it you or someone else? You are not empty: you are the masters. So what is the task of a master? Should the treasures control him, or should he control the treasures? So, be a master of every treasure, and be gyani: that is, sensible and knowledge-full at the right time. Be trikadarshi, and use the treasures in your task. It should not be that you summon the power of tolerance when you want it, but it appears only when the task is finished. The power of accommodation should carry out its task at the time when it is needed, and according to the right method. It should not be that you merged everything within, but even then something emerged through your lips. So what is that? If you merged everything for half an hour, and then in one second - instead of everything remaining merged - you said something, then what would you say about that? Are you a master of the treasures? Or are you a slave?

- BapDada now wishes to see every child as a child and a master. A master of what? A master of all the treasures. Sometimes, some children say to BapDada: Baba, you have given all the powers, and we do accept ourselves as master almighty authorities. However,

many children then complain: sometimes, the power that we need does not come to us at that time. However, what is the reason for this? The Father has given all powers to each one. Has he given them, or is it that he has given less to some and more to others? You know the reason for this too, but you forget it at that time. Each child has received the treasure of all powers, as an inheritance. The Father has given everyone the inheritance of all powers. It isn't that he has given less to some, and more to others. He has given all the powers, but why do they not come to you at that time? Just think: if someone is not seated on his seat of self-respect, would anyone accept his order? So, when that power does not come to you, the reason for that is that you do not set yourself on the seat of a master almighty authority. Therefore, when you are not on your seat no one accepts your order. So, always remain seated on your seat. Sometimes, you have waste thoughts, and sometimes you have tension, and so you let go of the seat of self-respect at that time. BapDada has given each of you so many points of self-respect. The seat of self-respect is so huge! Just count how many points of self-respect the Father has given. When you are not seated on your seat of self-respect, do you know what then happens? You know that, do

you not? There is body consciousness. There is either self- respect or body consciousness. When you issue an order while seated on the seat of body consciousness, the powers will not listen to you. Otherwise, the powers must listen to those who are master almighty authorities. Constantly practise being set on your seat. Check whether you are doing karma yoga, service, or churning: that you are set on your seat, and that all powers are present.

- ✓ Today, the Master of all treasures is seeing his children who are full of all treasures. Every child is full of all treasures. The sign of those who are full is that they are visible as constant embodiments of attainment, and are satisfied souls. They are seen as constantly happy because they are overflowing. Each one of you should ask yourself: “how many treasures have I accumulated? You have attained these imperishable treasures now, and they will also remain with you for many births in the future. These treasures are not going to end. The first treasure is the treasure of knowledge, and with this treasure of knowledge all of you are, even at this time, experiencing liberation, and liberation-in-life. Whilst living this life in the old world, in the tamoguni atmosphere,

on the basis of the treasures of knowledge, you are detached and free from the atmosphere and vibrations of all these things. You souls are as detached as a lotus flower, and liberated from sorrow, worry, and restlessness. Whilst living your life, you are free from the bondage of bad things. You are free from the storms of waste thoughts. Are you free? All of you are waving your hands. So liberation and liberation-in-life is the fruit and attainment of the treasure of knowledge. Even if waste thoughts try to come, and negative thoughts also come, you have knowledge, that is, you have the understanding that it is the duty of waste and negative thoughts to come, and the duty of you enlightened souls to remain detached and free from them, and to be loving to the Father. Therefore check: have you attained the treasure of knowledge? Is it overflowing? Is it full, or is there anything lacking? If it is lacking, then accumulate it. Don't remain empty. In the same way, the treasure of yoga brings you the attainment of all powers. So, look at yourself and check whether you have accumulated all powers with the treasure of yoga. All powers? If even one power is missing, you will be deceived at some time. The title of all of you is "master almighty authorities": the ones with all powers, not just those with some powers. So, have you accumulated the treasure of all powers with the power of yoga? Are they full? Are you an embodiment of attainment, or is something

lacking? Why? You can now fill yourself with whatever you are lacking. You still have a chance. Later, the time to make yourself full will come to an end, and the weakness will remain. Check yourself. Bring every power in front of you, and check it against the timetable for the whole day. If there is even a percentage less, you would not be said to have passed fully. When any of you children are asked whether your aim is to pass fully, or only half-pass, then all of you say that you will become part of the Sun Dynasty, not the Moon Dynasty. Will you become part of the Moon Dynasty? BapDada will give you a very good throne! Will you become part of the Moon Dynasty? Foreigners? The people from India will become the Sun Dynasty, and the foreigners will become the Moon Dynasty, right? You won't become this. Do you want to become the Sun Dynasty? You definitely have to become that. BapDada is just having chit-chat. Since you have the firm determined faith that you have to become the Sun Dynasty, and you have promised the Father and yourself, then from now onwards, there should not be a percentage less of any power. If you say that there was a percentage less because of the circumstances and problems, you will become fourteen degrees. This is why, nowadays, BapDada is checking every child's register and chart. BapDada also has everyone's register because, according to the times, BapDada is telling you children in

advance: now don't say "at some time"! Say "now!". Don't think: "it will happen at some point... I will do it later.... It has to happen...". Don't think in this way. It is not that it has to happen, but you have to do it right now! The speed of time is becoming fast, and therefore the aim you have kept of becoming equal to the Father, of passing fully, of becoming sixteen celestial degrees full: BapDada wants that aim and its qualifications to be equal in a practical way. Only when your aim and its' qualifications are both equal will you easily become equal to the Father. So check yourself. To say that it will happen, or that you will become that at some time is carelessness. Whatever you want to do, whatever you want to become, whatever aim you have, you have to do that right now: you have to become that now! Don't use the words "at some time", but let it be right now. So, there is the treasure of knowledge, the treasure of yoga, and there is also the treasure of imbibing: through this imbibing you accumulate the treasures of virtues. In virtues too, just as there are all powers, there are also all virtues. There are not just some virtues, but all virtues. So do you have all virtues? Or do you think that it doesn't matter if one or two virtues are missing, and that everything will be fine? No, that will not do. So, have you accumulated the treasure of all virtues? check which virtue is missing, and make yourself full.

✓ Today, the Ocean of Love is seeing all the loving children everywhere. The Father has imperishable love in the heart for the children, and the children too have imperishable love in the heart for the Father, the Comforter of Hearts. Only the Father and the Brahmin children know of God's love and love in the heart. Only you Brahmin souls are worthy of God's love. Devotee souls are thirsty for God's love. They are calling out, whereas you fortunate Brahmin souls are worthy of the attainment of that love. BapDada knows why children have special love. It is because it is only at this time that you attain all the treasures from the Master of all Treasures. These treasures do not last for just this one birth of the present time, but these imperishable treasures remain with you for many births. All of you Brahmin souls will not go back emptyhanded like the souls of the world do. You will take all the treasures with you. You do have the intoxication of the attainment of these imperishable treasures, do you not? And, all of you children have accumulated the imperishable treasures, have you not? Do you always have the intoxication and happiness of having accumulated them? Is the sparkle of having accumulated these treasures visible on each one's face? You know which treasures you have attained from the Father, do you not?

Do you ever check your account of accumulation? The Father gives all the children each of the treasures endlessly. It isn't that he gives a little to some and more to others. Every child is a master of the endless, constant, and imperishable treasures. To become a child means to be a master of the treasures. Make these emerge.

- ✓ Today, the Master of all Treasures is pleased to see His children who are full of all treasures and "Wah children! Wah!" emerges from His heart. The sparkle of the attainment of treasures is sparkling on the face of each child. The sparkle of the fullness of the treasures is visible in the majority of children. BapDada is singing the praise of each and every child: Wah children! Wah! Speak! You are wonderful children, are you not? The Father said and the children did. The Father says that the sparkle of being a master of the treasures should be visible on the face and forehead of each child. Seeing this on all the children who have a right to the treasures, BapDada is pleased and so what song does He sing? Wah children! Wah! Just as today, there is the sparkle of the fullness of treasures on each one's face, so it should always remain like this. For anyone who looks at you, your face should speak - you don't need

to say anything. So, constantly check: Just as your face is sparkling now, does it remain like that all the time? It should be that for anyone who looks at you, your face should speak. You don't need to say anything; your face should speak. Similarly, they should be visible as those who are constantly full of all treasures, whether they are performing actions, having yoga or staying in remembrance of the Father. Each one of you can remain with your face sparkling as it is now, can you not? Because, nowadays, as time progresses, so too, according to the situations, tension will also increase. So, your faces will make them happy. Each child has to make such preparations to do such service. What are the treasures? You know them, do you not? The special treasures are knowledge, yoga and dharna and so check these within yourself.

- ✓ Today, the Master of all Treasures is looking at his children everywhere who are full. He has made each and every child a master of all treasures. You have received such treasures which no one else could give you. So, do each of you experience yourself to be full of all treasures? The most elevated treasures are the treasure of knowledge, the treasure of powers, the treasure of virtues, and, together

with those, you also have the treasure of the blessings from the Father and the whole Brahmin family. So, check: “Have I received all of these treasures?”. The sign of a soul who is full of all treasures is that others would also experience happiness from that soul’s eyes, face, and behaviour. Any soul who comes into contact with such a soul would experience that soul to be spiritual in appearance, and different with alokik happiness. Seeing your happiness, other souls would also experience happiness for a short time. Just as everyone loves the white dress of you Brahmin souls, and feels that it is so lovely and unique that they experience cleanliness, simplicity, and purity through it - they can tell from a distance that that one is a Brahma Kumar or Kumari - in the same way, the sparkle of happiness, and the intoxication of being fortunate, are always visible from the behaviour and face of you Brahmin souls.

- ✓ Through self-sovereignty you become a constant Raja Yogi, and then this makes you worthy to claim the kingdom. Self-sovereignty makes you trinetri (possessor of the third eye of knowledge) , trikaldarshi (knower of the three aspects of time) , and trilokinath(master of the three worlds) . Self-

sovereignty makes you a very special soul in the world: one out of millions, a rare soul. Self-sovereignty makes you the garland around Baba's neck. It makes you the rosary which is remembered by the devotees. Self-sovereignty enables you to claim the throne from BapDada. Self-sovereignty makes you the master of all treasures. It enables you to claim all rights, and makes you unshakeable, stable, and invincible. You are such worthy and elevated souls, are you not?

- ✓ You are not losing your inheritance of being ever-healthy all the time, through being influenced by any type of illness of Maya, are you? Have you received the blessing from the Father of being ever-wealthy - that is, of being full of the treasures of all powers? Do you experience yourself to be a master of all treasures? That is, there is the praise of nothing lacking in the treasure-store of the deities, but the praise of the Brahmins is even more elevated than that of the deities. No power is lacking in the treasure-store of Brahmins. Do you experience yourself to be ever-wealthy in this way?

✓ To become a master of all treasures means to use the treasures at the right time. There are many who become happy that they have many good things, that they have everything. But, when the time comes, they do not remember it, or they cannot find it. What is the reason for this? They did not use it time after time. So do not become happy simply by seeing something, but take pleasure in every treasure. Celebrate with pleasure. Enjoy the treasures of knowledge. Carry out everything with understanding. Attain success. Summon your powers, and use them. This is celebrating with pleasure. Use the virtues for the self in a task, and also donate virtues to others. Donate knowledge, and donate the powers. If others are weak, then give them power, and make them complete. This is known as being a full soul, a complete soul. Achcha.

✓ The powerful souls have the key of determination, and will experience themselves to be the master of the treasures of success: they will be successful, as they have the key to success. They will be swinging in the swing of all achievements, and they will be singing the songs of their most elevated fortune: not singing the songs of complaint, but of their most elevated fortune. They are always in

spiritual intoxication, and, for them, it is easy to remain beyond the attraction of the old world. They don't need to labour hard to remain beyond attraction.

- Today, the Almighty Authority Father, the One with all powers, has come to give the treasure of all powers to his master almighty authority children. The treasure of all powers is attained so easily. In one second, you recognised “my Baba”, and Baba said “my child”, and through just that you became a master of the treasures. So, all of you children constantly have all the treasures with you, do you not? You have the intoxication that the Father's treasures are your treasures. Now check: the Father has given all the children all the treasures: not a single treasure is missing. However, does each of you have all these treasures with you all the time, or do you have some treasures while others are lacking? BapDada has given them, but do all of you have all the treasures with you all the time, and do you use all these treasures all the time? When you order them as their master, do they arrive on time?

- ✓ To have pure thoughts means to churn the gems of knowledge, which means playing with the deep, subtle, entertaining secrets of the Creator and the creation. One is to repeat and the other is to flow with the waves of the Ocean of Knowledge, and constantly play with the gems of knowledge, in the intoxication of being the master of the treasures of knowledge. Bring knowledge into the realm of experience. Such pure thoughts automatically remove you far away from waste thoughts. Fill the intellect with pure thoughts. Go into the secret significance of each word of knowledge, and don't just enjoy the music. To listen to the music of the flute of knowledge is very nice, but those who understand the secret significance will be lost in the intoxication of churning, and will automatically become a well wisher for all who come into contact with them.
  
- ✓ Today, BapDada, the Bestower of all Treasures – the treasure of knowledge, the treasure of powers, the treasure of virtues and the treasure of elevated thoughts - is seeing all His children everywhere who are the children and the masters who have a right. The Father who is the Master of the unending treasures is making all His children full of all

treasures. He gives each one of you all the treasures. He doesn't give less to some and more to others because the treasures are unending. All the children everywhere are merged in BapDada's eyes. All who are full of all treasures are pleased.

- ✓ Today, the Bestower of all Treasures is seeing his children who are the masters of his treasures. Each child is full of all treasures, because the Father has given all the children the same treasures at the same time. So, BapDada has come to meet his children who are the children and the masters. The children called out, and, because of their love, the Father arrived here. There are many treasures: the first treasure of all is the wealth of knowledge; and you have become so prosperous with the wealth of knowledge. You have become great donors, and you continue to donate to others. Souls that were tied in different bonds have become free from those bonds, through these treasures of knowledge. From being tied in bondage, souls have become free from bondage. Together with that is the treasure of yoga - that is, of remembrance - through which you have attained so many of the powers. In the same way, through incultation, you have experienced all virtues - that is, you

have received the treasures. Together with that, with the power of inculcation, there is the power of everyone's love: you have received the treasure of the power of being loving to everyone whilst being detached from everyone. You have experienced the treasure of everyone's love; and, as well as this, you have also experienced the treasure of limitless happiness in all Brahmin relationships. However, the special treasure amongst all these treasures is the treasure of the time of the Confluence Age. Those souls who are aware of the importance of the treasure of time always become the masters of many attainments; because, although the time of the confluence is very short, there is a lot of attainment received in this time. The greatest and most elevated attainment of the Confluence Age is that you found the Father Himself, in the form of the Father, Teacher, and Satguru. In the short birth of the Confluence Age you receive achievement for 21 births, in which you have all attainments of body (tan) , mind (man) , wealth (dhan) , and relationships (jan) . And you have the guarantee for the full 21 births: not half or three-quarters, but for the full 21 births. The greatest importance is that each second of the Confluence Age is equal to many years. So, speak! You are full of all treasures, are you not?

- You are masters of the Father's treasures. All of you are masters of the treasures, are you not? And the Father has given all of you the same treasures. It is not that He has given a hundred thousand to some and a thousand to others. He has given everyone all the treasures in an unlimited way because the Father has unlimited treasures. He doesn't have anything less. Therefore, BapDada has given everyone all the treasures and He has given everyone the same amount of treasures.
  
- BapDada has given you all of the treasures, and each of those treasures has to be used on time. You are the masters of the treasures. The speciality of a master is that - whatever treasure is required at a particular time - that treasure is used at that time. When you order the power to accommodate, is it this power to accommodate that is used at that time? Because, a master is one who is able to use his treasures at the right time. So, now, all of you have to pay so much attention to yourselves! The treasure of happiness should always be visible on everyone's face, and in their activity. Happiness is a gift from the eternal

Father. So, keep the gift from the eternal Father eternally with you. It is said about happiness that there is no nourishment like happiness - there is no treasure like happiness. Happiness is automatically visible in the eyes, on the face, and in the activity of those who have constant happiness. BapDada's blessing is: Constantly remain happy, and constantly distribute happiness, because happiness will increase when you distribute it! When you distribute any other treasure, it will decrease, but the more you distribute the treasure of happiness, the more it will increase. So, check whether you constantly have the treasure of happiness.

- ✓ Today, BapDada, the Master of all Treasures, is seeing all His children everywhere who are full of all treasures. He is pleased to see how much of all the treasures each child has accumulated. Everyone has received the same treasures at the same time, but even then, the account of accumulation of all the children is different. According to the time, BapDada now wishes to see all the children full of all the treasures because these treasures are not just for this one birth now – these imperishable treasures are going to be with you for many births. All of you children know about the

treasures of this time. As soon as you speak about them, all the treasures that BapDada has given you appear in front of you. The list of all the treasures has emerged in front of all of you, has it not? BapDada has told you earlier too that you have received the treasures, but what is the method to use in order to accumulate them? To the extent that someone is an instrument and has humility, to that extent he or she accumulates those treasures. So check: With the method of being an instrument and being humble, how many treasures have you accumulated in your account? Spiritual intoxication of being a soul who is full is automatically visible from the activity and the face of a soul who has accumulated these treasures and is full. Spiritual intoxication and pride are always sparkling on their face; and to the extent that there is spiritual pride, so they will be carefree emperors. Spiritual pride, that is, spiritual intoxication, is the sign of being a carefree emperor. So check yourself: Do I have the faith and intoxication of being a carefree emperor visible on my face and in my activity? All of you have received a mirror, have you not? So check your face in the mirror of your heart. Do you have any type of worry? "What will happen? How will it happen? Perhaps this will happen." You don't have any of these types of thoughts remaining, do you? A carefree emperor would only have the thought: Whatever is happening is very good,

and whatever is going to happen will be the best of all. This is called spiritual pride – spiritual pride means to be a soul who has self-respect. To the extent that people earn perishable wealth, so according to the time, they also have that much worry. Do you have any worry about your Godly treasures? You are carefree, are you not? Those who are the masters of the treasures and the children of God are always carefree emperors even in their dreams because they have the faith, that, let alone in this birth, these Godly treasures are with them in this birth and will remain with them for many births. This is why those with such faith in the intellect are carefree.

- ✓ You are lucky. Your fortune has brought all of you here. Now, continue to increase this fortune. What is the method to increase it? One is definitely to stay in connection; and, together with connection, continue to increase your relationship with the Brahmin family and with BapDada. The more connection and relationship you keep, the more you will continue to accumulate limitless treasures. You will become masters of the treasures. You will then continue to experience what power or virtue you need at a given time.

- ✓ Physical wealth is not a big thing, but you children are overflowing with the treasures of knowledge, powers, virtues, happiness, and the blessings you receive from showing the path of peace and happiness to everyone. BapDada has spiritual pride in the children who are masters of such treasures. Do you have this intoxication in yourself? All of you have this intoxication and will also have it in the future. This is guaranteed.
