

Dear Doctor,

From saving lives to controlling epidemics, your contribution to human health is beyond comparison as you go beyond the call of duty working non-stop to save lives risking your own.

It cannot be denied that caring for yourself has become your biggest challenge, especially during this Covid epidemic. To address this problem of physician burnout, our Medical Wing of Raja Yoga Education & Research Foundation has decided to hold a 3-days' conference on Mind Body Medicine (12th May to 16 May, 2022 & 10th June to 14th June, 2022). The peculiarity of this conference that differs from other medical conferences is the amazing experience that every attendee feels empowered from inside-out, an empowerment that heals & rejuvenates one's own self.

A beautiful mix of Senior Raja Yoga Experts (BK Surya, Senior Rajayoga Teacher, Brahma Kumaris) and Experts of Medical Community (Dr. Satish Gupta, Sr. Consultant, Cardiology & Medicine, CAD Project Co-ordinator & Corporate Trainer; Dr. Mohit Gupta, Professor, Department of Cardiology, GB Pant Hospital, New Delhi) and many scholars in the field of medicine & spirituality, who have already helped lakhs of people to live their lives full of potential, is the highlight of this conference.

We would be delighted to have you present at this conference to hear what the Medical Doctors & Spiritual Experts have to share about the blend of spirituality and medicine and their impact on your practice and daily lives. We would also love to hear your thoughts and opinions in this direction.

You are requested to be our Guest of Honour and be with us for three days and practically experience the enrichment that senior healthcare professionals gain from this unique and unconventional conference. Your experience and good wishes will be an

inspiration for all the delegates. We will make sure that your stay with us is a comfortable and rejuvenating experience.
