Letter of remembrance to the instrument teachers and all brothers and sisters, the decoration of the Brahmin clan, from Dadi Janki.

To the deeply loving teachers of the beloved Avyakt Image, the Mother, Father, and BapDada, to the ones who constantly stay in the pleasure of a Godly meeting, to the confluence-aged multimillion times fortunate instrument teachers and all brothers and sisters of this land and abroad, who are the decoration of the Brahmin clan and the jewels of Baba's eyes, please accept Godly love-filled sweet remembrance.

All of you must be staying in the double-light angelic stage, the same as the Father, and with your happy faces, must be giving everyone an experience of happiness and doing unlimited service to reveal BapDada in every corner of the world. I am receiving news by email from everywhere filled with the happiness of the service that has been taking place on Shiv Jayanti. BapDada is giving everyone many, many blessings from His heart. Remembrance of Shiva, the Innocent Lord, the Father, is merged in the hearts of all Brahmin children. This time, BapDada specially conducted the drill for becoming bodiless and gave the signal: Children, delicate times are now going to come and therefore, whenever you have time, continue to do this drill every now and again. All of you must have heard these elevated versions of Avyakt BapDada and how our Baba, the Ocean of Love, merges His children in His heart and fills us with many blessings.

Here, too, for Shiv Jayanti, as well as everyone being reminded of Shiv Baba, His flag was also hoisted everywhere. Everyone celebrated with a lot of happiness. Now, the pure festival of Holi is coming close. With the colour of His company, BapDada has coloured all of us with the fast colour of spirituality. Even today, Baba says: Imbibe truth, purity and divinity and do the service of revealing the Father through your face and your activity. Now, let the past be the past, be holy and celebrate the true Holi. So, lots and lots of greetings to everyone for this special festival.

I always pay attention to maintaining thoughts of Baba and not allowing anything else to be in my mind or my heart. You have to look after yourself very well in this. You have to play your part while being a detached observer and a companion. Baba loves all His children, whoever they are, because they belong to Baba. However, Baba also draws the attention of each one of us to becoming Baba's worthy and obedient child. Since you have said "My Baba " you should not have attachment to any bodily being even by mistake. Do not be impressed by anyone or have dislike for anyone.

I am seeing that whatever Baba has said in the sakar murlis is happening now. Those who have understood the depth of the sakar murlis must know what faith is. Who is God? Who are we souls? I saw sakar Baba and he was like that then and, even now, he is like that. We have the feeling of sakar Baba and also the feeling of how the corporeal one became avyakt and also have the experience of how he made the incorporeal One his Companion. Baba is making us children the same as He is. I am going to share with you the personal blessings that BapDada gave to Dadi Gulzar for me. Baba says: 1) Child, you are merciful and an ancestor and have a right to be worthy of worship. 2) You have the practice of keeping the string of your mind in your hands. 3) You are one with an easy nature who has faith and respect for others, which is the basis of harmonising sanskars. 4) You understand the importance of the murli and have the practice of churning it and this is why you have a natural right to the Father's help. So, all of you also put these blessings into your practical lives and continue to fly in the flying stage. Achcha.

Lots of love and remembrance to all.

In Godly service,

BK Janki
