

BAP DADA's
Wishes
and
Hopes
in the Children

**On the occasion of 62nd
Trimurti Shiva Jayanti**

1

Keep the lines of
your elevated
fortune constantly
emerged then the
lines of your old
awareness and
sanskars will
become merged.

2

Experience the reward
and attainment of the
Confluence Age.
Your future reward is
only a shadow of the
reward you receive
now for your efforts.

3.

Become merciful
and co-operate
with every soul by
giving them your
virtues and powers.

Become master
bestowers and
master co-operative
souls.

4.

Stop all the silly things of your childhood because according to the speed of time and the drama everyone's stage of retirement is very close. Therefore remove all the small stains and become flawless.

5.

Finish all limitations
and prepare nine
hundred thousand
souls by becoming a
great and unlimited
donor and a world
benefactor.

6.

Now increase the power of your mind. Whilst seated on the globe, stabilise yourself on the stage of Paramdham and serve with an unlimited attitude and the power of your mind, and you will receive multi-fold reward for this.

7.

Put aside all trivial things and remain up above. Practise serving through your mind, visualise the form of your reward and give others this vision also.

8.

Adopt the personality
of spirituality
together with purity,
through your face
and behaviour.

Maintain the
spiritual intoxication
of this elevated
personality.

9.

Remain aware of your
spiritual personality.

Constantly remain
happy and all your
questions will stop.

Seeing your
happiness, peaceless
and disturbed souls will
also become happy
and content.

10.

Just as it is remembered for the Father that He takes others beyond with a glance, it is now the time that you too serve souls by taking them beyond with a glance.

11.

Make others into a mike and you use your might to give them a powerful current.

Through your powerful current and their words, nine hundred thousand souls will easily be created. Add your powerful current to the service of transforming intellects and success will bow down in front of you.

12.

Keep yourself busy in unlimited service and you will automatically develop unlimited disinterest. When you put an unlimited current of power into the unlimited service, all limited things will automatically stop.

13.

Only when father Brahma
is visible in every
elevated Brahmin will
the speed of service
become fast. For this,
keep BapDada merged
in yourself and serve
others by taking them
beyond with just a
glance.

14.

Become an unlimited server. Use your time in unlimited service and any problem will be easily removed.

15.

Give weak souls who
are influenced by
their problems the
co-operation of your
powers and virtues.
Give power to weak
souls and their
blessings will
become a lift for
you.

16.

Instead of labouring in your effort, experience the reward of the Confluence Age.

Learn how to receive blessings and teach others this also. To remain happy and to make others happy is to give blessings and receive blessings. These blessings will enable you to conquer Maya easily.

17.

No matter what someone is like, even if he defames you, only have blessings in your heart for that soul at every moment. Your elevated thoughts filled with good wishes will transform that soul. “There should be benefit for this one; this one’s intellect should become peaceful.”

18.

Constantly remember
two slogans:

- a) Whatever others see
me do, they will do
likewise.
- b) The Master's orders
are moving me along.
I am simply moving
along as an
instrument.

19.

Now, serve by spreading elevated vibrations, because words do not work as well at this time.

Co-operation and vibrations from your heart work very fast.

20.

Fix a date for the ceremony of finishing all old things. BapDada no longer wants to hear of them. For how long will these old stories continue?

21.

Reveal your power of
silence. All Brahmins
have this power.
When you simply let
this power emerge,
you will be able to
work great wonders
with your mind and
body.

22.

In order to put into practice the thoughts of zeal and enthusiasm that arise in your hearts, have benevolent feelings and use your power to accommodate. Put the stamp of this imperishable Government on whatever thought you have.

23.

Now, use the time for your effort in co-operating with others, and you will automatically progress. You should no longer seek salvation (facilities) but should instead be giving salvation. Spread the wave of altruism and give a powerful current.

24.

God's love is a blissful swing. When you constantly swing in this swing of happiness and remain merged in God's love, Maya cannot shake you nor can any fluctuation come to you.

25.

Make Maya powerless with the perception of your third eye, the eye that you have received from the Father as soon as you took birth. Use this almighty power to bid farewell to Maya. Never become tired of making effort by allowing this eye to close.

26.

Always celebrate with happiness to remain constantly enthusiastic and give enthusiasm to others in your Brahmin life. Constantly speak words of enthusiasm and tell everyone stories of enthusiasm. Anyone who comes to you in tears should go away dancing in happiness. This is the work you have to do.

27.

Let the past be the past
and finish looking at
anything wasteful or
negative. Avoid these
things and claim an
award from BapDada.

28.

Remain stable in your flying stage no matter how many dark clouds appear. Because of the closeness of time, dark clouds of new things, sanskars, and games of karmic accounts will come. However, with the confidence of your determination, you will succeed and the dark clouds will disperse.

29.

No matter what others are like, have mercy in your heart and give them love and good wishes. Be humble and enable everyone to move forward. Change negative problems into positive solutions. Do not be afraid of Maya but become fearless of her.

30.

Never certify anyone of being unable to transform. If you are unable to bring about transformation, it is your duty to advise the instrument souls. You mustn't take the law into your own hands.

31.

The return of the sustenance you have received from Baba is to become equal to the Father and give this sustenance to others. After you have transformed yourself, become responsible and co-operative in bringing about transformation in others. Make an elevated plan for self-benefit, for only then will you be able to put a current of power into serving the world.

32.

Serve to stabilise those, whose stage of self-respect have been upset and constantly make all souls happy with your happy and enthusiastic face.

33.

Always remember the slogan, “I have to change. I have to transform that which has been spoilt.”

Even if others spoil something, your duty is to reform that. Just as they are clever in their work of spoiling things, you have to become clever in your work.

34.

All of you children have received from BapDada the imperishable gift of a right to the kingdom of the world in the new age. Look after this gift carefully and do not become careless so that no robber can steal it from you. Double lock it with God's lock.

35.

This year, prepare a special bouquet of special quality souls from all professions who can work as mikes. Not a single profession should be left out. Only then would you be called world benefactors and souls who are instruments to uplift all souls.

36.

Celebrate this year as the year of becoming free from everything. When you celebrate this year as the year of liberation, you will be able to go to the land of liberation.

37.

This year, BapDada is giving everyone a very small slogan: Use everything in a worthwhile way and claim success.

Whatever property (possessions) you have; time, thoughts, breath, body, mind and wealth, use them well and you will continue to accumulate more.

Do not waste them nor hide them away for a time of need.

38.

Fill whatever thought you have or whatever action you perform with the sweetness of greetings at every second. Constantly greet and give the Dilkhush sweet to everyone you meet and those who live with you and your mind will constantly dance in happiness. Fill yourself with treasures of happiness and serve by distributing them to others.

39.

If you have a deep desire to become equal to the Father, then constantly remain merged in the Ocean of Love. This power of love enables you to forget everything. Love frees you from laborious efforts.

Love becomes a canopy of protection and makes you into a conqueror of Maya.

Therefore, make no other effort, other than to remain merged in the Ocean of Love.

40.

BapDada is especially giving all of you children the blessing:

May you be free from labouring. Whatever task you carry out, do it whilst remaining double-light and you will experience that effort as an entertainment. This Confluence Age is the age to become free from labour and to experience pleasure.

41.

For love, it is said: Where there is love, one is ready to sacrifice one's life.

BapDada is not telling you to sacrifice your life, but to sacrifice your old world. Fix a final date for this final offering.

42.

Now according to the time, all you children have to have an attitude of unlimited disinterest, however, Bap Dada doesn't want time to be the children's teacher. You belong to the World Teacher, you are the master world teachers. You are creators, whereas time is the creation. Therefore, creator souls, you do not allow time, which is the creation, to become your teacher.

43.

Brahma Baba did not make time his teacher, but had unlimited disinterest from the beginning to the end. He just had the one concern of doing nothing but service, service and more service. He remained beyond all other matters. So, according to the time, you children now should also have an attitude of unlimited disinterest and only then will you be able to serve by giving a powerful current.

44.

Like sakar Baba become free from the golden chains of subtle attachments. Even though Baba had all facilities for accomplishing everything, although he had responsibility of all the children and even though he faced all types of adverse situations and circumstances, he still maintained an attitude of unlimited disinterest and therefore, was able to claim the certificate of passing with honour.

45.

Now according to the time, you have to become free from attachment. Give Brahma Baba this gift of love and give your mind the attitude of unlimited disinterest. Check your subtle attachments in the mirror of perfection, put aside all supports and become free.

46.

Just as Brahma Baba was not pulled by any type of attachment, so too, you now have to prepare a group that is free from attachment. There should not even be the thought: “This is my duty. No one other than me is able to do this.” Have distaste even for this thought.

47.

Become an embodiment of happiness and give everyone happiness from your heart whilst still observing the code of conduct. When you give happiness to someone through your thoughts, words and deeds, your marks automatically increase.

48.

The One who sustains us, the One who gives us teachings, *shrimat* and blessings, the One who fulfils the duty of companionship at every moment of the day, is God Himself. Remain constantly aware of this fortune and swing in the swing of happiness singing the song:
Wah my fortune!

49.

Become the original
and eternal form of
whatever you think,
and then act.

Experience the form
of whatever you think.

Become an
embodiment of
experience.

50.

The natural nature of Brahmin life is to be an embodiment of all virtues and powers so constantly remain seated on the seat of this form. Do not allow any of the old nature of your past life to emerge.

51.

Become free from speaking weak words. Every word you speak should be the same as the Father's words, sweet and spoken with constant good wishes for every soul. Every word should be like a pearl full of wisdom.

52.

According to the time, in order to pass with honour, accumulate and fill yourself with all treasures. Accumulate the treasures of time, thoughts, words and the wealth of knowledge; accumulate the power of yoga and all the virtues of a divine life. Throughout the whole day, check how much of each treasure is in your account.

53.

BapDada is telling you
now: Accumulate!
Accumulate! Accumulate!
The bell of “too late” is
about to chime. “Too
late” is to be announced
suddenly then, no matter
how much you wish to,
you won’t be able to find
the time to do anything.

54.

Become those who create an impact of knowledge on others. Impress everyone with the Father, not yourself. Do not be influenced by anyone. To be impressed by things or people becomes a huge obstacle. Therefore, finish this obstacle now.

55.

Become BapDada's
right hand, not a left
hand. Constantly be
courageous and a
destroyer of obstacles.
Become Baba's
hands, not a
headache.

56.

Never become an obstacle in your own effort. There should be no obstacles from the self, from your companions or through your students. In this year of liberation, you have to claim the three certificates of keeping the self free from obstacles, the centre free from obstacles and your companions free from obstacles.

57.

According to the time, you now definitely have to celebrate the day of becoming perfect. Tie such a bracelet of determined faith. Promise that even if you lose everything, you will not break your promise of the year of liberation.

58.

No matter what others are like, learn how to interact with them. Never think: I will change when the other one changes. Even if a situation as big as a mountain comes in front of you, simply step aside it. If you have good wishes for that soul, simply give a signal and empty your mind and intellect of anything wasteful.

59.

To have any wasteful thoughts for souls who cause obstacles is also a golden thread of attachment. Now, liberate yourself from even these subtle threads. Make the final function of this year the function for the year of liberation. In this function, give BapDada the gift of your perfection.

60.

In service, although the curtain in front of you seems like an obstacle, hidden behind the curtain there is a benevolent scene. When you remove the curtain of obstacles with the power of your thoughts and words, you will be able to see the benevolent scene behind it.

61.

Make some time to have a programme for silence of introversion and silence of the mind. Control the wasteful traffic of your mind. Every now and again, fix a day for churning knowledge, for having thoughts of good wishes and pure feelings, for practising giving a powerful current and maintaining silence of the mind and controlling the traffic of thoughts.

62.

Now, remain in solitude and be economical with your treasures. Have the aim of belonging to the One. At *amrit vela*, sit and give your intellect to Baba. The Intellect of the Wise will then touch your intellect with new plans.
