

# **Dadi Janki - 29th March 2019 – Gyan Sarovar Meeting Double Foreigners**

Om Shanti, Om Shanti, Om Shanti... Baba has given us the knowledge of drama and tells us to keep Him as our companion, seeing the whole of the drama as a detached observer. It's easy isn't it? Who am I? Who do I belong to? What must I do? We are doing what we did last kalpa.

What is yoga? Baba is mine and I am Baba's. It is easy to think of the soul and God. He has been given many different names. Bhagwan – the One who creates each one's fortune. When they use the word Ishwar it implies that He is the One who knows the secrets of the hearts.

Have all of you come to me or have I come to you? We all belong here. Time is short. All of you are attaining success in your efforts. None of you look tired! To get tired of making effort is not good.

We have five fingers; all are different yet all are good. All of us have the five virtues; they have come to us automatically. In order to have the five virtues in our life in a natural way, we need the eight powers; the power to tolerate, accommodate, pack up, withdraw, judge, discriminate, co-operate and face. Purity, truth, patience, humility and sweetness – let these be natural. I can't imagine that any of Baba's children here ever speak roughly or get upset. I don't have any doubts for anyone and I don't think anyone has any doubts for me.

Stay happy, stay immortal. Forget the past. Stay in remembrance in such a way that you can feel Baba all around you. If one is happy then one is content; happiness leads to contentment and happiness leads to contentment. Are you all happy? Content? If you are content then you are happy. To be content means never to be displeased – to be accurate. See your own part...

I am now 103 so what should I do until I reach 104, Didi?(Didi Nirmala said, "Stay here"). Do you mean in Gyan Sarovar or in this body? (Didi replied, "You can stay in Shantivan but stay in this body"). I like Didi Nirmala very much! I don't know if she likes me or not! She has played a very good part here and overseas. She brings your donations to Shantivan for Baba. Just as I don't keep anything for myself, not 5 rupees or 5 pounds, I think all of you are the same – no-one keeps anything hidden away. All of you are family and you have big hearts. White clothes and empty pockets – yet we are the masters. Shiv Baba came in Brahma Baba and Brahma Baba sacrificed everything. This is how things are running.

I have always followed Baba's instructions – not manmat or parmat. Shrimat is always in my mind. Our job is to keep smiling. Baba asks us if there is anything so difficult that we can't smile>

Om Shanti
