

Beloved BapDada's deeply loving instrument teachers, and all brothers and sisters in this land and abroad who are the decoration of the Brahmin clan, who constantly give the sakaash of good wishes through your elevated mind, who with the method of being an instrument and having humility accumulate in all your accounts, who become full with all treasures, please accept sweet love and remembrance filled with God's love.

Today is the last turn of the meeting with BapDada this season. With the subtle sakaash that all of you have been sending to our sweet Dadi Gulzar, there has been a little improvement in her health, but still doctors have not given her permission to come to Madhuban. However, the attraction of BapDada and Madhuban is automatically pulling the whole Brahmin family. In today's last meeting, about 30,000 brothers and sisters have arrived in Shantivan to celebrate the avyakt meeting. Out of love, devotees have said that God is in every particle, in the same way, there is the experience that there are the powerful vibrations of spiritual love of BapDada and the maharathi brothers and sisters in every particle of Madhuban. These are automatically refreshing every child of Baba that comes here. In every group, about 60% – 70% brothers and sisters are coming to Madhuban for the first time. They are being refreshed with classes from maharathis, senior brothers and sisters, yoga programmes and also the changing system of meeting BapDada and everyone is leaving fully content, and filled with blessings. This is also a wonder of sweet Baba that while being a Resident of the subtle region, He is sustaining His children in an incognito way in the corporeal world by giving them subtle sakaash and all powers. Each one always has the desire in his or her heart to have an avyakt meeting through the corporeal form, but it is the destiny of the drama. Until now, we have not had a meeting with Avyakt BapDada in the corporeal form in the year 2018. It is the pure hope of all of us children that our sweet and lovely Dadiji becomes well and quickly comes to Madhuban and all of us can have an experience of BapDada's glimpse through her spiritual drishti.

This time, it is the turn of Delhi and Agra to serve everyone. Many brothers and sisters from this land and abroad have arrived here. From amrit vela, everyone has been in the avyakt stage and have been touring around the subtle region. Even though there are so many brothers and sisters present here, there is a beautiful atmosphere of silence everywhere. All are lost in Baba's love and Baba's remembrance is merged in each one's heart. As with every meeting, after listening to the class of the method of having an alokik meeting, all senior sisters conducted yoga. Then bhog was offered to beloved BapDada. After offering bhog, everyone heard the elevated versions of the murli spoken on 18th March 2008 on video from 7.00 – 8.00 pm, and then Dadis and seniors brothers shared their good wishes.

The elevated versions that were shown on video are being sent herewith. Let the class be refreshed with these. Achcha.

Lots of love and remembrance to all.

Om shanti.
