Points of Self-Respect and Soul Study:

Knowledge: We, the extremely subtle living souls filled with sanskars, the wonderful stars sparkling in the centre of the forehead, are points of light playing our parts through the non-living bodies...

The Supreme Soul is a star...He has all the knowledge...He is the Seed of the Human world, the Truth, the Living being, in the form of a Point of Light...there is no difference between the form of souls and the form of the Supreme Soul, but there is a difference between the parts and the sanskars of the two...

There is the night of Brahma and the day of Brahma...it does not take long to for the Iron Age to become the golden age...

Yoga : We, the souls, become bodiless and remember the bodiless Father and the inheritance time and again... we caution one another by reminding them of the Father and the inheritance, make good progress and benefit all...

By becoming the spinners of the discus of self realization, we have the knowledge of the Father, the status and the cycle...

By considering ourselves to be souls, and becoming soul conscious, by staying awake at night and talking to Baba, by diving into the Ocean of Knowledge and churning it, we find the jewels of knowledge...we are the deities of the original and eternal deity religion who become free from disease with yoga and receive the inheritance from the Father...

Dharna: By being the children of the Ocean of Knowledge, we, the souls become the master oceans of knowledge...

By being the children of the Ocean of Mercy, we become the master oceans of mercy...

By being the children of the Ocean of Happiness, we become the master oceans of happiness...

By being the children of the Ocean of Peace, we become the master oceans of peace...

Service: We, the souls, are the Ganges of knowledge filled with the knowledge of the Father and the soul, as taught by the Father.... we give the introduction of the Father, the identification of the soul and the Supreme Soul, and explain the difference between the soul and the Supreme Soul...

We give the introduction of Brahma, Vishnu and Shankar...we expound about the part of 84 births...we relate the biographies of the deities, the father's role

in imparting knowledge, and explicate how Saraswati came about being called the goddess of knowledge...by being knowledge-full, we elucidate with great tact about the occupations of each one and make them “stand” in the confluence age...

Blessing : Like the Father, we, the souls, are all-round actors...we are the all-round flying birds in the flying stage who play our perfect parts of the service that is needed at any time... by being free from bondages, we are able to reach wherever there is the need for service...we are the embodiments of success in every type of service, the rulers of the globe and all-round actors...

Slogan: We, the great souls, playing special parts, performing special tasks, have special virtues, special positions or status, and, with every thought enable others in connection and relationship to have special attainments to make them great...we are the special and the most elevated souls who constantly have a star of fortune shining in the middle of our foreheads... By constantly keeping the specialties of the entire cycle in our awareness, we constantly perform the unique spiritual dance with enthusiasm... by being the lamps that are constantly ignited, and with harmonious sanskars, we make night into day...we are the most fortunate, multi million times fortunate gopes and gopis dancing in unity and harmonized rhythm on the day of the full moon...With the sun of being satopradhan rising in our lives and by being absorbed in the love for the Father, we make Maya unconscious...by being hand-in-hand and dancing in unity we harmonize our natures, sanskars, virtues and services... by keeping the specialties of one another in our awareness, we become faithful and the gathering becomes united in one direction...we are the beads in the rosary of victory who make a circle (that is a cycle) of a gathering of love and co-operation and surround the fortress of maya and matter in the form of power...

Blessing: May you become a ruler of the globe who plays an all-round part in the flying stage, the same as the Father.

Just as the Father is an all-round actor – He can be the Friend as well as the Father - in the same way, those who are in the flying stage will be able to play their perfect parts of the service that is needed at whatever time. This is known as being all-round flying birds. They would be free from bondage in such a way that they are able to reach wherever there is a need for service. They will become embodiments of success in every type of service. Such souls are said to be rulers of the globe and all-round actors.

01-02-2013:

Essence: Sweet children, your duty is to caution one another by reminding them of the Father and the inheritance. Benefit for everyone is merged in this.

Question: What deep secret that even scientists cannot understand do you children understand?

Answer: You understand that a soul is an extremely subtle star and that all the sanskars are in the soul. It is the soul that plays his own part through the body. The body is non-living whereas the soul is living. In the same way, the Supreme Soul is also a star. He has all the knowledge. He is the Seed of the human world. He is the Truth and the Living Being. He is not brighter than a thousand suns. Only you children understand this deep secret. Scientists cannot understand these things. First of all, you children have to give everyone recognition of souls and the Supreme Soul.

Song: Mata o mata Song: Mother, O Mother, you are the Bestower of Fortune for the world!

Blessing: May you become a ruler of the globe who plays an all-round part in the flying stage, the same as the Father.

Just as the Father is an all-round actor – He can be the Friend as well as the Father - in the same way, those who are in the flying stage will be able to play their perfect parts of the service that is needed at whatever time.
