1. The Father alone is the **Purifier**. You will be purified by having remembrance of Him. You become pure and attain the kingdom of the pure world. This is why it is said that there is a lot of power in the deity religion. They receive this power from the Almighty Authority Father.
2. This study and the One who is teaching you this study are unique. The Father gives you shrimat: Make as much effort as possible and continue to remove everyone's sorrow. Only by making effort will you receive a good status.
3. According to the drama plan, the Father comes and makes you beautiful. The parlokik Father comes to change thorns into flowers. Therefore, you have to renounce all defects and become virtuous. The more sweet virtues are seen in you, the happier the heart becomes.
4. You have to be very cautious in respect to your thoughts, words and deeds about your interaction. You have to be very cautious with every physical organ. Maya is very deceitful. You have to gain victory over Maya.
5. The destination is very high. For half the cycle, your vision has been criminal. In one birth it has to be made civil just like the vision Lakshmi and Narayan have. Impure desires are Ravan's. Your desires are pure. You have to move along with waves of happiness.
6. You are Brahmins who relate the true Gita. Have the pictures of the Trimurti, the cycle, the tree and the ladder in your homes. Together with those, also have the poster that shows that the God of the Gita is not Krishna; that poster too is good.
7. Some defame all three - the Father, the Teacher and the Satguru. By defaming the true Father, the true Teacher and the Satguru, triple punishment is accumulated.

Slogan: Instead of looking at situations, look at yourself and the Father.

Points to churn from the slogan:

We, the souls, number one in the subject of love, seated on Bapdada's heart-throne, remain safe from the storms of Maya and matter under His canopy of protection ...we move forward with the power of love, and with the flight of love we get close to the Father in body, mind and heart... we remain close to the Father with love, pass through all situations easily, and pass with honour...

In the age of benevolence, with faith in the intellect, we see advantage in disadvantage... with no trace of doubt in any adverse situation, we remain immovable and unshakeable in any upheaval... we constantly remain in spiritual pleasure (mauj) without being confused (moonjh) at the confluence age...by being beyond all adverse situations and problems, we are ever-ready...we are the special and valuable souls who use every thought, every word, and every action at every second in a worthwhile way...

We are the enthusiastic and courageous master almighty authorities who, by being soul conscious, experience the bodiless stage whenever we want, and with the yoga of the intellect, take the support of the body whenever we want... we stabilize ourselves in the seat of our immortal throne, in the stage of the immortal image, become the embodiments of master great death with the Father, the Great Death, conquer the five vices of Maya, the five vices of Ravan and the five elements, and easily overcome the fearsome forms and the powerful situations and the unexpected calamities of nature...we are the beads in Bapdada's rosary of victory, who witness the scenes of destruction as well as those of congratulations, listen to the bugles of victory and the chants of "May you be immortal"...
