

## Synopsis: Sakar Murli October 28, 2014

1. God, is One, the Highest on High. He is the Supreme Soul, Shiva, the incorporeal One. He doesn't have a human body. He is called the One with all powers, the World Almighty Authority.
2. The incorporeal world, the subtle region and the corporeal world are the whole universe. This is a predestined play. It is not enacted in the incorporeal world or the subtle region; it is acted out here. This whole world is an unlimited movie. The cycle of 84 births is also here.
3. Only the true Father comes and creates the land of truth. He is called the true Emperor (Paatshah), the Truth. Bharat is called the land of truth. The land of falsehood then becomes the land of truth. The golden age is called the yogi world whereas in the iron age, is called the bhogi world (those who indulge in sensual pleasures).
4. This is a study. This is not a matter of a magic mantra or occult power (jaadoo, choo mantr, riddhi-siddhi); this is a school. (pathshala). You attain deity status through this study.
5. The Gita is the versions of God. The Gita is the book of the One who teaches, but He doesn't actually read a book. He doesn't hold the Gita in His hand.
6. It is said: Religion is might. There is power in the deity religion. They were the masters of the world. They have no power left. They became worth not a penny. When there was the deity religion in Bharat, they were worth a pound.
7. You have become the slaves of the world. The Father explains: Ravan, the five vices, has snatched away all your strength. You receive spiritual power by having yoga with the Almighty Authority Father. You go into silence and you receive power through that. By receiving the power of silence, you go to the world of silence.

Blessing: May you remain stable in your powerful stage and serve through your mind as a number one server.

Even if you don't receive a chance to serve through words, there is a chance to serve with your mind at every moment. The most powerful and greatest service of all is service through the mind. Serving through words is easy, but, in order to serve with your mind, you first of all have to make yourself powerful. You can serve with words even when your stage fluctuates, but you cannot serve with your mind in that way. Those who serve with their elevated stage are number one servers and claim full marks.

Points to churn from the blessing:

We, the souls, serve through the mind accurately...we are unlimited servers who have good wishes with soul-conscious feelings, unlimited soul-conscious vision and an attitude of brotherhood...by having benevolent feelings for all, we bring about transformation and definitely receive the fruit...

By not seeing the expansion, but by looking at the essence and merging it in ourselves, we become powerful...in this elevated life, we have received specialties as birthright...by using them for serving through our mind, through words and through deeds, we increase these specialties and receive multifold fruit from one seed...by sowing it in the land of service we experience its fruit in the form of success and become the embodiments of success...

We are the incognito Shiv Shaktis who relate the incognito knowledge of the incognito Father and benefit others...we become ever wealthy with knowledge, and ever healthy with yoga, and give Bharat happiness through our thoughts, words and actions... whatever power souls need, we use our mind, that is our pure attitude and vibrations to donate power to them, that is, to co-operate with them... "Thoughts" means remembrance, and the two words we relate are, "Manmanabhav" and "Madhyajibhav..."
