

## Synopsis: Sakar Murli November 07, 2014

1. The Father is so elevated! There is no one higher than He is. He is the Bestower; He gives you your fortune of that kingdom. He doesn't accept anything. Your love marriage is with that One. You don't receive His introduction automatically; the Father has to come. The Father's duty is to establish the new world.
2. He teaches you the highest spiritual art. This is also the highest spiritual knowledge whereby your desires are fulfilled. You have spiritual pride. You are proud of your silence. By studying this art, you receive a huge prize that lasts for 21 births. He makes you into the masters of heaven.
3. Your souls are very tiny, but you are very fast rockets. You go beyond even the sun and the moon, right to the supreme region. Your souls know that you are to return to your land of peace, the brahm element. You understand that the moon and the stars are lights for this stage, just as they have lights on a theatre stage here. You also have rope (fairy) lighting in the museums. This then is the unlimited world for which the sun, moon and stars provide light.
4. People believe that the sun and the moon are deities, but they are not deities. You now understand how the Father comes and changes you from humans into deities. There are the Sun of Knowledge, the moon of knowledge and the lucky stars of knowledge. Your children receive salvation through this knowledge.
5. You also understand that only when your souls become pure will you be able to return home. You have to become pure either through the power of yoga or through the power of punishment. The Father continues to tell you that the more you remember Him, the purer you will become. The Father has shown you the way to return home. Without the Father, no one can go back home.

**Blessing:** May you be a conqueror of matter and a conqueror of Maya who benefits everyone in this benevolent age.

The confluence age is said to be the age of benevolence. In this age, constantly be aware of this self-respect: I am a benevolent soul and my

duty is to first of all benefit myself and then to benefit everyone. Let alone human souls, we are those who benefit even the elements of nature and this is why we are called conquerors of matter and conquerors of Maya. When, the souls, the beings, become conquerors of matter, then even matter becomes a source of happiness. You cannot then get caught up with any upheaval of matter or Maya; there cannot be any effect on you of an atmosphere with no benefit.

### Points to churn from the blessing

We, the souls, have a right over our physical organs, a right over our mind, intellect and sanskars, a right over our creation and matter...we are the master almighty authorities who are beyond the attraction of matter, beyond corporeal feelings, in the stage of being avyakt and almighty authorities...we have a right over all the powers received as an inheritance, that is, rights over our own property, and use whichever power we want whenever we want... we receive service from matter with the depths of the heart and with a lot of love...(prakriti ki dil v jaan, sik v prem seva ke paatr)...we use facilities provided by matter for the self and from time to time, become independent of those same facilities....

We, the souls, number one in the subject of love, seated on Bapdada's heart-throne, remain safe from the storms of Maya and matter under His canopy of protection ...we experience all situations of upheaval like a puppet show, and view them as a cartoon show or a puppet show on an unlimited screen...we remain stable in the stage of a detached observer while maintaining our honour and being an embodiment of contentment during the shows of Maya and matter...we are perfect, beyond any type of defect...
