

Synopsis: Sakar Murli November 17, 2014:

1. Every word you speak has meaning. This is your Godly language. Because He is knowledge-full, it is said that He is the **Ocean of Knowledge**, the One filled with knowledge. He gives you His own introduction and also the knowledge of the world cycle. By receiving this knowledge, you become the rulers of the globe.
2. This whole tree is God's tree. The Father says: I am the **Seed** of this tree. This is the foundation and the tubes emerge from it. The **unlimited Father** establishes the new world and so you remember Him in order to claim your inheritance from Him. This is the meaning of "Manmanabhav" and "Madhyajibhav". Consider yourself to be a soul and remember the Father because He alone is the **Purifier**. Spin the discus of self-realization. By having remembrance, your sins are cut away. By knowing the non-violent discus of self-realization, you attain the kingdom.
3. The Father explains: First, there is knowledge, the day, and then devotion, the night. When there is disinterest in devotion the day begins. Keep it in your intellects that there is gyan and vigyan (silence). You will go beyond gyan into vigyan (silence), your home, the land of silence. Vigyan is neither called gyan nor devotion. You are now studying this knowledge and you then receive the reward of this knowledge in the golden and silver ages.
4. Check yourself and ask: To how many have I given this knowledge? Some are shot by the arrow of knowledge very quickly. Bhishampitamai said: I have been shot by the arrows of the kumaris.
5. When you were the masters of the golden age, you were human beings with divine virtues. You now have devilish traits, but, otherwise, there is no other difference. There are no human beings with a tail or a trunk. Those things are simply symbols of deities. The symbol of your failing whilst battling is the bow and arrow.

Slogan: Stay under the canopy of protection (chhatrchhaaya) of the Father's love and no obstacle (vighn) will then be able to stay.

Points to churn from the slogan:

We the souls, the ancestors of all human souls, the foundation and the roots of the entire tree, the first creations of the Highest-on-high Father, are Brahmins, the greatest of all ancestors...by having faith (nishchay) and intoxication (nasha) of being the elders and ancestors, we remain happy...by remembering the Comforter of Hearts with a lot of love, we are with the Father, close to the Father, personally in front of the Father, equal to the Father, and safe under His canopy...

We are seated on Bapdada's heart throne with faith and intoxication, and are to be seated on the throne of the kingdom in many future births... we are brave, fearless and carefree, and safe in the canopy of protection from the attacks of Maya...

We become the conquerors of Maya in a fast way...with the canopy of protection of "the Father and I" the line of safety, we merge in the Father's heart, are beyond words like effort, obstructions, and obstacles, and are safe from the attacks of Maya...

With authority over Maya, we, the constant spinners of the discus of self realization in the present time, constantly remain under the canopy in the future, and claim a right to the unlimited inheritance of the Father... we are the spinners of the discus of self realization with a canopy of light, and a disc (halo) of light...

We are number one in the subject of love, and are seated on Bapdada's heart-throne...we remain safe from the storms of Maya and matter under His canopy of protection ...we move forward with the power of love, and with the flight of love we get close to the Father in body, mind and heart... we remain close to the Father with love, pass through all situations easily, and pass with honour...
