

Dadi Janki, 15th July 2019. Meeting Senior Teachers, Shantivan

Wonderful Baba

Om Shanti. Om Shanti. Om Shanti. We are all sitting very peacefully. Baba has given us directions to sit in a Bhatti. This is a wonder. Baba is a wonder! The wonder is Baba's love. As we renounce we become images of tapasya and do service of the whole world.

Whatever has happened has happened and it is all ok. When we have the opportunity of fortune of doing service, we should never sit idle. What is service? No waste thoughts even for a second. Become light in 'Who am I' and 'Who is mine'...One Baba. We are all sitting here in Tapasya. We are God's beautiful children. Oh God, Oh Prabhu Your acts are wonderful.

The whole world is listening. The whole world is God's family. We have given our hearts to Dilaram, the Comforter of Hearts. God tells us the whole story. Once, I was asked who is my husband, and I said The Comforter of Hearts and who are your children....I have three: Love, Peace and Happiness. All three children are imperishable! The Comforter of Hearts is doing His service. These three children are doing service. Peace is the garland around the neck. For love it is said: Oh God, show the way to the blind. On the path of devotion we used to call out like this.

There are bhatti's now every evening. Shall I come each time? (there was a clap). There are 1800 teachers sitting in the gathering. Now, what is to be done? Tapasya in a complete way. We all stay in silence. What is the difference between peace and silence? We are all sitting so peacefully. Someone said, in silence there is Baba's remembrance. Many years ago Baba was sitting on the gaddhi in Pandav Bhavan and I was standing in front of Him. Then Baba made me sit on the gaddhi and embraced me. Just imagine how that felt....so beautiful and sweet.

Tapasya is a very beautiful experience and everyone needs to experience it, no one should be left out of this. Baba saves us and this is wonderful. This scene is so beautiful. The whole world will become happy seeing this and will come to know of what is going on in Shantivan. This news is enough. This is the intellect's yoga. The intellect is subtle and is in yoga. The intellect is safe in Manmanabhav and then Mahjiabhav, in the inheritance. Don't simply become happy but remain in the experience of Manmanabhav. Where the body is the mind is. This is ok. We need money and so we come into work.

It is my duty to give you all toli! This is the first time this group is sitting with me. I am made to sit in Shaktibhavan, Shantivan, with a big line in front of me! I may not have duties but I do give drishti. There is love for one another. Have such tapasya in this Bhatti. It is natural to be the limage of renunciation and the image of tapasya. Have no worry about service. There are no 'I want this or that' are there? We are images of renunciation. Do good and everything good will happen. Have self-realisation, not thoughts of others. I haven't seen anyone's face upset. Sometimes when we have such thoughts as 'why did this happen' our face can change. But have an open and big heart and be the detached observer with Baba as your companion. We have to check ourselves and have no subtle vibrations of desire. Is this ok?

Om Shanti.
